

## CONDITION OF PRESIDENT IS SLIGHTLY BETTER

### Unable to Attend the Meeting of Council of Four

**BULLETIN.**  
PARIS, April 5.—The President has come very near having a serious attack of influenza, but by going to bed at once by my direction he has apparently escaped, but still is necessarily confined to his bed," said a statement issued at 4 o'clock this afternoon by Rear-Admiral Grayson, the president's physician.

PARIS, April 5.—President Wilson was "slightly better" at noon today, an official bulletin of this condition said. His condition, however, was still pronounced enough to cause a slight temperature.

Mr. Grayson, the president's physician, spent a greater part of the forenoon with the patient and reported that satisfactory progress was being made. The admiral held no hope, however, of active participation by the president in the deliberations of the council of four before Monday.

Mr. Wilson was restless the first half of last night, but slept soundly until after 9 o'clock this morning.

A meeting of the league of nations commission will be called on Tuesday night, if the president is well enough to attend the final passage of the revised covenant. Reports that the Italians intend withdrawing are dismissed as groundless.

After the visit of Colonel House this afternoon, Admiral Grayson again closed the president's door to callers, insisting that the patient must not be disturbed more than was absolutely necessary.

While the afternoon bulletin showed an improvement in President Wilson's condition all precautions are being taken against anything which might lower his vitality.

The president during the day read a little and chatted with Mrs. Wilson, but contented himself with receiving from Colonel House a brief account of the proceedings of the council of four.

While callers were not permitted messages in large numbers were received, extending sympathy both personal and official from friends, the various members of the conference and diplomatic representatives.

## DUTCH STEAMER HELD UP BY BRITISH

**PLYMOUTH, England, April 5.**—The Dutch steamer Nieuw Amsterdam, which left New York on March 26 is being detained here by the British authorities. No reason is given. It is reported that the former German minister to Mexico H. Von Eckhardt is on board. The Nieuw Amsterdam arrived here Friday and landed mails and passengers including mail and passengers for France. The agents of the liner here have given no statement. No one is allowed on board the steamer. Herr Von Eckhardt and his family left New York on the Nieuw Amsterdam March 25 bound for Holland. It was reported that the allied governments had granted safe conduct to the minister.

## SOLDIERS MAY RETURN EQUIPMENT

**WASHINGTON, April 5.**—Every enlisted man on discharge from the war department announced today will be allowed to retain as his personal property the following articles of uniform equipment:

Overseas cap (for men with overseas service, hat for others); olive drab shirt; woolen coat and ornament; woolen breeches; one pair shoes; one pair leggings; one waist belt; one slicker and overcoat; two suits underwear; four pairs stockings; one pair gloves; one toilet set; one barracks bag; gas mask and helmet (for overseas men only).

Soldiers who have already turned in their equipment are authorized to re-draw them by applying to the director of storage in this city.

The department today called attention to the fact, it is unlawful for a discharged soldier to wear the regulation uniform without the red chevrons which show his connection with the military establishment has been terminated according to law.

## TRANSPORT ARRIVES

**New York, April 5.**—Bringing 2,192 troops of the fortieth division, former National Guard of California, Nevada, Utah, Colorado, Arizona and New Mexico, the Steamship Edgar A. Luckenbach arrived here today from Bordeaux. A company of 99 casualties of Virginia also returned.

## LARGE FIRE IN ST. LOUIS

**St. Louis, Mo., April 5.**—Fire in a five story building at Third and Locust streets occupied by the Jordan Cutlery company did damage estimated at \$250,000 tonight.

## No Agreement Reached on Steel Price Schedule

**WASHINGTON, April 5.**—Representatives of the railroad administration and the industrial board of the department of commerce, conferred for five hours today without reaching an agreement as to the steel price schedule approved by the board and the industry. One member of the board said nothing occurred at the meeting to indicate that the board had in mind a revision of its policy.

A formal statement issued after the conference said the railroad administration representatives would report their conclusions to Director General Hines, who then would confer with Chairman Peck.

It was learned, however, that the railroad administration officials still maintain that there is common ground on which the administration can meet with the steel industry and obtain rails at a price below that of \$45 to \$47 a ton agreed to by the industrial board and the industry.

The railroad administration believes these prices are too high and it is understood the railroad representatives at the conference today supported their contention by citations of steel makers' profits during the past two or three years.

Director General Hines attitude has been represented as inclining to the belief that steel manufacturers might well afford now to take a loss on their product, considering the large profits they made in early war days.

Information on profits was said to have been obtained by William G. McAdoo while acting as director of general railroads and Secretary of the treasury from income and profits tax returns for 1917.

The same attitude has been maintained by the railroad administration in regard to coal prices.

## BOLSHEVISTS ARE DEFEATED BY ALLIES

**ARCHANGEL, April 4.**—(By the Associated Press.) The Bolsheviks apparently are withdrawing some troops from Ozerki south of Archangel where patrol activity favorable to the allies occurred today. One patrol encountered a Bolshevik outpost and captured seven and killed twenty.

East of Obobzerskaya, 15 miles east of Bolshe Ozerki, the allies concentrated a considerable number of troops but was repulsed. In a raid near Serezh Makhren, west of Dvina, the allies carried out a raid in which a number of enemy were killed and seven were captured. In the direction of Onega, the Bolsheviks continue to shell the allied positions at Kleshevo.

The weather is breaking in favor of the allies in the territory about Obobzerskaya.

The approach of spring is disadvantageous to the Bolsheviks and their forces which advanced in an effort to cut the allied lines of communication must withdraw or be isolated when the thaw sets in. In a few weeks navigation will be possible for the allied monitors and gunboats.

## NET EARNINGS OF RAILROADS DECLINE

**WASHINGTON, April 5.**—Railroad net earnings in February continued the decline started last fall and were less than in January or than in February of last year. The net revenue was about \$10,100,000 or \$8,674,000 less than in the preceding month and \$1,711,000 less than in February, 1918. The approximate loss to the government on this basis of the guaranteed return was \$23,686,000, about the same as in January.

These figures compiled today by the bureau of railway economics, from reports of railroads to the Interstate Commerce Commission include all so-called class one roads, except two small lines with less than 1,000 miles. The figures are unofficial but probably are an accurate forecast of the interstate commerce commission's summary to be issued next week.

## TRAIN SERVICE SLOW

**Vienna, Wednesday, April 3.**—By The A. P.—The train service is exceedingly slow owing to lack of coal. Fewer people are escaping from Vienna, tho it is impossible to leave the city if one has to pay \$500 secretly for a pass.

Foreign correspondents and local newspapermen have been classified as first grade workers. The work of requisitioning clothes and furniture is going on among the homes of the people.

Wiener Neustadt, an industrial center is reported to be under control of the soviet.

## ASLEEP 49 DAYS; WILL RECOVER

**Chicago, April 5.**—Lydia Gray, 13 years old, who for 49 days lay asleep in an Evanston hospital, was taken to her home today and many physicians who watched the strange case said she probably would recover completely. During her long sleep the girl was fed artificially.

## ITALY'S CLAIMS OF FUME ARE POINTED OUT

### Delegate to Conference Tells of Country's Desire

**PARIS, Friday, April 4.**—(By the Associated Press.)—Asked if the Italians would leave the peace conference if denied Fiume, Salvatore Barzilai, former minister without portfolio in the Italian cabinet, and one of the Italian peace delegates said today:

"No decision has been reached as yet, but it is obvious that Italian delegates feel they must follow the will of the Italian people."

He recalled that after the collapse of Austria and before the entry of Italian troops into the city of Fiume, that city had appointed a national council composed of 300 of its prominent citizens. This council, he said, had called upon the public to decide what form of government was desired, the answer being a plebiscite in favor of annexation to Italy. On Wednesday, he said the national council of Fiume had unanimously adopted a law by which the city took the Italian flag as the banner of the city.

**Determined on Fiume.**

Signor Barzilai declared that this was the best proof of Fiume's wishes to be joined to Italy under the Wilsonian policy of self-determination and added that the Italian people and parliament without distinction of party were determined that Fiume should be a part of the kingdom.

"Under the conditions," he asked, "is it possible that in the question of Fiume or other important territorial matters the Italian delegation in Paris can separate itself from public opinion at home and disregard what the whole country demands?"

"The question is whether Fiume is to be Italian or not. The latter alternative would mean the destruction of the Italian nationality of Fiume, which is the nationality it has had since its foundation. No such solution was contemplated by any of Mr. Wilson's 'fourteen points' the council four has not yet discussed the question of Fiume and indeed has scarcely alluded to it, but threats against the fulfillment of Italian aspirations, coming from different quarters, force us to make public Italy's position."

**Best For People.**

Signor Barzilai said that Fiume cannot live except as an Italian city because it must belong to a large country as it did when a part of Hungary if its financial prosperity is to be assured.

"Even now Fiume is burdened with a debt of several million crowns," he said, "and the new Jugoslav state lacks the resources to keep the city in a flourishing condition. Croatia furnished only seven per cent of the pre-war commerce of the city, while that of Serbia and Slovenia reached only twelve per cent. The greatest bulk of Slovene commerce went through other Adriatic ports which Italy does not claim."

"Even without Fiume the Jugoslavs have ten excellent ports on the Adriatic which can be joined with main railway running to Agram, Belgrade, and Budapest."

## BELGIAN DELEGATION ISSUES STATEMENT

**PARIS, April 5.**—(By the Associated Press.)—The Belgian delegation has issued the following note:

"The king of Belgium left Paris this morning for Brussels by airplane. During his stay in Paris he met the most eminent members of the allied and associated governments with whom he conferred regarding the essential interests of Belgium."

"The king was able to give precise information on the principal points on the Belgian program, particularly the reparations due Belgium to assure an economic revival and conditions for her safety."

"The king was listened to everywhere with the greatest attention and left Paris satisfied with the impressions he received."

## LACK SYSTEM OF STANDARDIZATION

**NEW YORK, April 5.**—Lack of a standardized system of punishment governing court martial together with absence generally of "competent counsel" for accused men at their trials are some of the "grave defects" in the present military system of the nation, it was asserted in a statement issued today by Major Roscoe Stewart, temporary secretary of a committee here recently to effect "reform" of the military court.

These "defects" it was stated resulted in severe injustice to the soldiers who are so unfortunate as to be charged with military offenses.

The fact that the commanding officer who convenes the court and who must approve the finding before it is carried into execution "is bound only by his personal will and opinion" was declared to be the cause of much injustice.

## Brick Industry Under Control of One Company

**CHICAGO, April 5.**—A dozen witnesses were examined today by the legislative commission investigating the high cost of building materials in an effort to show the existence of an alleged price fixing combination among Chicago Brick Manufacturers.

The testimony showed that the American Equipment Company, which leases on royalty a patented brick setting machine to the leading brick manufacturers, wields a powerful influence over the industry.

All the members of the alleged combination have contracts with this company which contains a clause specifying a maximum price to be charged for their product. The contract was signed in 1914 and fixed \$7 as the price for brick delivered in Chicago and \$5 for brick on board cars to be shipped to outside territory.

William Weber, president of the National Brick Company, testified that there was a clause in this contract which permitted a majority of the manufacturers in the agreement to alter the maximum price whenever they desired. It is believed that it was under this provision in the contract that the present price of \$12 was fixed.

**Various Witnesses.**

Members of the committee in questioning witnesses attempted to show that this agreement was the instrument used by the alleged combination to fix prices.

William E. Schlake, president of the Illinois Brick Company, is vice-president of the American Equipment Company and head of the brickmakers credit association and several other bodies composed of members of the industry.

Paul Triebel, secretary of the American Brick Company, testified that he was a member of the Central Sales Agency.

"Is it not true you are charging \$42 now in order to make up for the losses sustained in 1917 and 1918?" asked Chairman Daley.

"I don't know," replied the witness. "I joined the agency for protection."

"What kind of protection?" "I wanted to get a good price for my work on hand."

The witness told of one occasion when he desired to take a quantity of brick from his own yard to use in the construction of a house he was building he was compelled to get permission from the Central Sales Agency.

## DECLARES GERMANY A PROGRESSIVE REPUBLIC

**ZURICH, April 5.**—Germany is not a socialist republic because the majority of the people are not Socialists, but Germany is a progressive republic because the majority of the people desire a strongly progressive policy. President Ebert is quoted as saying in a statement to a correspondent of a Paris newspaper whose interview has been telegraphed here.

The position of things in Germany is very serious," the German president added. "Altho many difficulties have been created for us in the peace negotiations, we continue to do our duty and combat it."

## WILL CARE FOR DISABLED SOLDIERS

**WASHINGTON, April 5.**—An extensive program of caring for disabled soldiers after their discharge from military service was announced today by the War Risk Insurance bureau which is charged by congress with this work.

When treatment in the hospitals of the war department fails to restore men to such condition that they are fit for active service and they are discharged, the work of the bureau of war risk insurance begins. Under the provisions of the war risk insurance act all soldiers, who are ten per cent disabled are entitled to compensation and to treatment by the bureau of war risk insurance.

Any man disabled in the service and discharged from the army may make application for treatment.

## COUNCIL OF FOUR TAKE UP REPARATIONS

**PARIS, April 5.**—(By the Associated Press.)—At the conclusion of today's meeting of the council of four it was stated that reparations had been considered all day without final result but that the progress made was such as to warrant the belief that an agreement would be reached by next Saturday on all the remaining questions including the Rhine frontier, the Sarre Valley and reparations. The following week will be devoted to drafting the final text of the treaty. A plenary session has been decided upon for the coming week for the consideration of labor questions.

## WILL ENTERTAIN FLEET

**New York, April 5.**—An elaborate program of entertainment for the 30,000 officers and men of the Atlantic Fleet during their expected stay here from April 14 to 30 is being prepared by the several official work organizations. The vanguard of the fleet which is now on its way north from Guantanamo Bay, Cuba, after battle practice arrived here today.

## Rainbow Division Will Not Parade in Washington

**WASHINGTON, April 5.**—The war department had decided definitely that it will be impracticable to parade the 42nd (Rainbow) Division in Washington as a complete organization. General March announced today. General Pershing has been so advised.

The division will be brought back to Camp Meade and subsequently each unit of the division will be sent to its home camp for demobilization. Regiments and smaller units will be paraded in the principal cities of their home states if this can be arranged.

The entire 42nd Division should be in this country before the last of April General March said, under the present plans. The department is anxious, he added, that the country should see as much as possible of this "extraordinary unit."

The proposed parade of the 77th New York division is still a matter of adjustment, the chief of staff said, but the department is not disposed to hold the division together to the prejudice of the general demobilization scheme.

## Bid Good-Bye.

**Coblenz, April 5.**—(By the Associated Press.)—The Rainbow Division today began saying goodbye to the Rhine this morning. The first train pulled out for Brest, carrying the division headquarters and the units attached to it.

The departure of the 42nd division is the first divisional movement of troops for home from the American area of occupation.

The trains will leave daily until April 11, when the last end of the Rhine. It is expected the entire division will be on the Atlantic a few days later.

## PLAN ORGANIZATION OF U. S. DYE CONSUMERS

**NEW YORK, April 5.**—Plans for the organization of dye consumers in the United States to protect American textile mills from the unscrupulous methods of the German dye trust, were announced here today by Joseph H. Choate, Jr., who said that a corporation to be known as the chemical foundation, which already had more than 150 firms in New York, New England, Pennsylvania and West Virginia have indicated their purpose to join is now in process of formation.

The project contemplates the licensing of certain dye imports and excluding all foreign dyes "reasonably obtainable in the United States." The wishes of the American dye consumers, Mr. Choate said, were conveyed to President Wilson in a cable message March 28, which read in part:

"An independent, self-sustaining American dye manufacturing industry is a national necessity. It cannot be established unless competition from German factories including those in occupied territory be cut off for a period of years. No tariff will furnish protection against the enormous resources and unscrupulous methods of the German trust fighting to regain its foreign market and only a licensing plan will save the industry. We respectfully urge that immediate steps be taken to procure both in the peace treaty and legislation the measure necessary to establish such a plan."

In addition to other means of transportation for the Polish troops proposed by the German government so that the arrival of the troops might be accelerated, the marshal's message added, the use of the port of Danzig was provided for in the armistice of November 11, last.

## EXPLOSION OF GASOLINE KILLS TWO

**WEST, Fla., April 5.**—Two men were killed and five others slightly injured by the explosion of a gasoline tank today aboard submarine chaser No. 205, at the naval training dock here. A big hole was torn in the side of the vessel and the cabin was wrecked. The men killed were William Hughes, machinist mate, Brooklyn, N. Y., whose body was recovered from the harbor tonight and Clarence G. Excelsior, Minn.

The cause of the explosion has not been determined.

## ADMIRAL SIMS NEARS ATLANTIC COAST

**NEW YORK, April 5.**—The Transport Mauretania, which has as one of its passengers, Vice-Admiral William S. Sims, commanding the American overseas naval forces during the war, will dock Monday morning according to a wireless message from Admiral Sims, received tonight.

Mrs. Sims and the admiral's three children will go down to the bay to greet him on a naval cutter.

Plans for an elaborate reception for Admiral Sims during his stay in this city have been completed.

## DIVIDE HUNGARIANS INTO THREE CLASSES

**Berlin, Thursday, April 3.**—(By the Associated Press.)—The Hungarian population will be divided into three classes according to the Budapest correspondent of the Kreuz Zeitung. Intellectual workers will be assured a minimum income of \$7,200. Merchants and trade and industrial workers will receive \$5,000.

The state plans to supplement the differences between the wages and the minimum.

## GERMANY WILL ALLOW ALLIES TO USE PORT DANZIG

### Arrangements Made By Marshal Foch at Spa

**PARIS, April 5.**—(By the Associated Press.)—It was officially announced this morning that arrangements for the landing at Danzig of Polish troops now in France and their transport along other lines proposed by Germany had been arranged to the entire satisfaction of the allied powers.

The result was made known with the giving out of a communication received by the allied governments from Spa, where Marshal Foch, the allied commander in chief, and his aides have been in conference with German representatives.

## Official Communication.

The communication reads: "Spa, April 4, 10:30 p. m.—

"In conformity with the decision of the allied and associated governments, the right given the allies by the armistice convention signed No. 11, to land the Polish troops now in France at Danzig has been completely maintained."

"Furthermore, to hasten the arrival of these troops in Poland it has been decided to make use of other lines of transport proposed by the German government."

"These arrangements as a whole are the entire agreement with the views of the allied and associated governments."

(Signed.) "Foch."

## Agreement Signed at 7:30.

Dispatches from Spa state that the agreement with the Germans was signed at 7:30 o'clock last evening, after two conferences during the day. The convention formally maintained the right of the allies under the armistice to use the port of Danzig. It was further stipulated that General Haller's troops could be moved to Poland by other routes.

The troops are to be allowed to pass freely across Germany in ten trains daily. It difficulties of any kind arise Marshal Foch reserves the right to debark the men at Danzig.

After Marshal Foch had presented his statement to Matthias Erzberger, representing the German government the latter formulated a counter-proposition that if difficulties arose from the transport of the Polish troops across Germany a fresh meeting should be held to discuss consequences. This was rejected, Marshal Foch maintaining that he has the right to debark the men at Danzig in case of difficulties.

The question of the guarantees to be given Germany regarding the future of Danzig, Marshal Foch informed the German representative, had no place at this meeting as they belong in the peace treaty.

## Foch Telegraphs Terms.

**Paris, April 5.**—(Havas)—Marshal Foch has telegraphed the allied governments that the right of the allies to use Danzig as the port for the return to Poland of the Polish troops in France had been formally upheld in the conference with the German representatives.

In addition to Danzig, it was decided to use other means of transportation for the Polish troops proposed by the German government so that the arrival of the troops might be accelerated, the marshal's message added. The use of the port of Danzig was provided for in the armistice of November 11, last.

The conference at Spa between Marshal Foch and Matthias Erzberger, head of the German armistice commission, resulted from the tentative refusal of the Germans to meet the demands of the allied powers that the three divisions of Polish troops in France under General Haller be permitted to go to Poland thru the port of Danzig.

The Germans offered other ports in East Prussia and Pomerania for the use of the Poles and during the negotiations just concluded, according to German advice on Friday, the Germans proposed that General Haller's forces be taken by the land route from Luneville, France, across Germany to Poland.

The German attitude regarding the proposed landing at Danzig had been that the troops might clash with the population, but Berlin dispatches on April 4 stated that the government had informed the party leaders that the Polish troops might be landed in Danzig if the entente would furnish guarantees for their good behavior.

The armistice agreement of November 11, provided that the allies should have free access "to the territories evacuated by the Germans from their eastern frontier, either thru Danzig or by the Vistula. In order to convey supplies to the populations of those territories and for the purpose of maintaining order." From the outcome of the Spa conference as reported in today's dispatch it seems probable that the allied representatives insisted as a matter of principle and consistency that the Germans keep their agreement regarding the use of Danzig.

## New Russian Government Is Growing in Power

**PARIS, April 5.**—(By the Associated Press.)—The Russian government at Omsk headed by Admiral Kolchak is steadily growing in power according to advices received by the Russian commission here, Boris A. Bakmeteff, Russian ambassador to the United States said today.

In Bolshevik and non-Bolshevik Russia the ambassador added there are as large organized armies as in any European country.

He continued: "General Dekenin (in the Caucasus) has 200,000 men, the Kolchak government has the same number and the strength of the Bolsheviks, which has been variously estimated, is probably 500,000. All three forces are fairly effective, the discipline of the Bolsheviks have been improved greatly. Nations should remember that Bolshevism is no longer a Russian problem, but a world problem and the signing of a peace treaty with Germany does not solve it."

Mr. Bakmeteff said that Admiral Kolchak and his associates were displaying an independence and self reliance which was gratifying to the leaders who were striving for a reunited Russia.

The Social revolutionists in Siberia have not joined the Bolsheviks, the ambassador said. The Russian commission here has received a statement signed by prominent Social revolutionists of Omsk and other cities, denouncing reports that they have espoused Bolshevism and declaring that only the social revolutionists of the extreme left joined the Bolsheviks.

Dispatches show that Eastern Siberia is more unsettled than the district west of Lake Baikal, which has a distinctly Russian population consisting chiefly of prosperous farmers. In the western sections the population has been reduced to 2,055,718 men. General March has set a mark of 310,000 discharges a month. Actual discharges up to and including April 5 aggregated 1,624,171 officers and men.

## Strength of U. S. Army

The strength of the American army on April 5th was estimated at 2,055,718. This represents, General March said today, a demobilization of 44 per cent of the enlisted and 48 per cent of the commissioned personnel.

Sailings from San Francisco since November 1, 1918, Gen. March said, numbered 627,519. During the month of April to date 70,000 men have embarked for home.

The chief of staff added that he was aiming at a monthly return of 310,000 men as against the maximum of 300,000 in shipments overseas of 300,000.

He said the demobilization machinery was amply sufficient to take care of the maximum number of men possible to return from abroad.

## BAKER WILL SUBMIT ARMY PROGRAM

**WASHINGTON, April 5.**—Secretary Baker will submit a comprehensive and constructive program for revision of the army legal procedure covering courts martial when congress reconvenes. For this purpose he said today he has directed a complete inquiry into every phase of the military justice system. The results of the study will be combined in a bill to be laid before congress. Before Major General Crowder, judge advocate general left for Cuba, Mr. Baker said, he had prepared amendments to the regulations governing courts martial which he believed would remedy defects revealed in the cases brought before the department for review and in the Crowder-Auseil controversy.

## DARNELL CASE SHIFTED TO SPRINGFIELD

**ROCKFORD, Ill., April 5.**—The scene of activity in the case of the Rev. J. M. Darnell, "the marrying parson," wanted at Watonwan, Minn., under an indictment for child abandonment, will be temporarily shifted to Springfield, Ill., next week.

A deputy sheriff arrived today with requisition papers for Darnell, attorneys on both sides of the case will go to Springfield probably on Monday for argument before the governor.

## WOMEN MAY CONTINUE IN SERVICE

**Washington, April 5.**—Women stenographers and clerks who are enrolled as yeowomen in the national reserve force during the war will be continued on active service in their present rating as long as their services are required. Thousands of yeowomen enlisted at many points over the country, but many of them have been placed on the inactive list since the ending of hostilities.

SIGNIFICANT

It's a gross looking cartoon that appears in one of the metropolitan papers but it is significant. The picture shows long bearded Bolshevik physicians sawing off the heads of their constituents and lading out brains in even quantities. Below is the wording, "Let us hope that after the Bolshevik finish dividing all the money equally that they will follow the same plan of distribution with brains."

ALLIED CAUSE AMPLY PROTECTED.

The announcement of the continuing stream of returning soldiers and the stories that come of the increasing unrest overseas has had a disquieting effect on some people that have not been able to understand why demobilization should take place in the face of the possibility of further hostilities.

The war department statement now sets all these fears at rest and those who had full confidence in Foch and his associates as carefully guarding allied interests find their faith justified. The war department says that there are still 12,000,000 allied soldiers under arms and the central powers have less than a million and a quarter of an armed force. Certainly there is safety in this overpowering force if for no other reason.

MUST RECKON WITH MAYOR THOMPSON.

It has been a custom in certain quarters to refer to Mayor Thompson as a political accident and a misfit, as a man who misrepresents rather than represents the people of Chicago. But even the enemies and the critics of Big Bill must admit that he is some politician and that today he is a political factor in Illinois who must be reckoned with.

As the twice elected mayor of the second largest city in the U.

S. as Republican national committeeman from Illinois, having recently won a fight against the strongest kind of opposition, he is an acknowledged force in the state. He is an Illinois leader in the Republican party and his present relationship with the party has a distinct bearing on national party affairs. Some new alignments may be looked for, since some men who have not been on friendly political terms with the Chicago mayor must now take a back seat or enter into some sort of a partnership with him.

EX-SOLDIERS ARE MORE EFFICIENT.

The experience of a Chicago manufacturing concern in the employment of men released from the army service should make the demand active for such workers. This firm employed 200 men released from the army service and the careful records kept through a two months' period, especially with reference to production, show that 64 per cent of these men are more efficient than they were before entering the army; 32 per cent turned out just as much work as they did before their army experience and only 4 per cent showed less industry or efficiency.

The experience of this firm is no doubt typical and the record is a strong argument in favor of speedily connecting up men who return from the service with their old jobs. Evidently those who feared that experiences of army life would unfit men for their former duties had no ground for their apprehension.

STATE BACKING FOR WATER PROJECT.

Gov. Lowden has signed the bill which provides Jacksonville with the site for the proposed reservoir and filtration plant. This action of the governor was entirely expected, since the bill passed both the senate and house without a dissenting vote. Nevertheless it is a great satisfaction to the people of Jacksonville to know that the bill has been signed and is now a law upon the statute books.

The acquiring of this site is really the basic thing for the water supply proposal. The passage of the bill, however, means more than the acquiring of the site for it gives proof that the executive and legislative officials of the state understand the local situation and that the influence of the state can be relied upon if needed in any way to take the project thru to a successful and intended conclusion.

GETTING USED TO INCREASES.

It is always possible to find a silver lining to the cloud if you try hard enough. In cities where the 7 cent street car fare has

been introduced one of the arguments brought out to lessen the pain of the public is the statement that the higher car fare will increase the value of near in property. The theory is that with the greater expense of travel that suburban life will be less attractive and that the demand for close in property will increase.

The chances are that increased street car fares will be met just in the same way that has been done with so many other increases. It will be paid and in a little while the public will go ahead with the 7 cent fare just as if a nickel never had been good for street car travel.

REAL WOMAN'S RIGHTS.

The American leaders who champion the cause of women and demand equal suffrage as their right, must take a back seat when the kingdom of Siam is mentioned. Over there woman is almost supreme and every man is required to bring home to his wife every cent of his weekly earnings.

And woman has still more rights in Siam for if she grows tired of married life she can dispose of her husband without court procedure. The mere bundling up of his clothes and other possessions and casting them outside the door is legal notice to friend husband when he returns, that his partnership in the household has ceased. They have real woman's rights in Siam.

THE PARKING PROBLEM

The question of parking space is not limited to Jacksonville or smaller cities. It is an issue in St. Louis and causes the Globe-Democrat to say that parking space must be secured, either under ground, or the roof or by razing some of the older buildings. It is just a question, for one of the methods must be used. In Jacksonville the question must be solved for business reasons and it will not be necessary to follow any of the three methods suggested in St. Louis.

The plan might be worked out to use a portion of Central park for parking. If that is not practicable or would lessen the beauty of the park there are several large vacant lots not far from the square which could probably be acquired without an impossible expense. Just for example, there are two such properties on South Main street and a mental search will easily suggest others.

Rippling Rhymes  
By Walt Mason

**KEEPING TAB**  
The boss is keeping tab, my son, he marks your every curve; and if you do not earn your mon, you'll get what you deserve; if you are only sprightly when your weekly wage you grab, you'll shortly join the jobless men—the boss is keeping tab. Perhaps you fool around at night, and paint the village red, when you'd be wiser sleeping tight in your nice truckle bed; then you are dead upon your feet when you to duty go; you make a snail look pretty fleet, your movements are so slow; your eyes look like a total loss, you have a taste that's drab; you cannot put such things across—the boss is keeping tab. Perhaps your thoughts have roamed afar from work you ought to do; you're thinking of some movie star who made a hit with you; or of a joyride you will take when this sad day is done; or of a shady way to make a little bunch of mon; or of a large planked ten derloin that you at night will stab; 'twere better far to earn your coin—the boss is keeping tab. And then perhaps, on t' other hand, you're working like a jo; you're hustling 'round to beat the band, to make the business grow. And there is vigor in your walk, your movements are not dead; you do not pause to watch the clock, and count the hours ahead. Success for you is looming plain; some big prize you will nab; the worker does not work in vain—the boss is keeping tab.

**NOTICE**  
There will be a plowing demonstration of the Fordson and Wallis Tractors on James Guinane's farm 1/2 mile south of Chapin Thurs. afternoon, April 10th. All tractors welcome. Everybody come. (Signed) W. N. Bobbitt.

TUESDAY LAST DAY OF REGISTRATION

Last Opportunity for Voters to Register—Must Go in Person—Will Have to Make Affidavit if Not Registered.

Next Tuesday, April 8, will be the last day of registration for the coming city election.

On that day judges will be at the respective voting places in the various districts from 8 o'clock in the morning until 9 o'clock in the evening.

On Tuesday all voters who are not registered must go in person in order to have their names placed on the register. Every voter should visit his voting place some time during the day and see that his name is properly registered.

If you fail to do this you will have to make out an affidavit for a non-registered voter and this will take both your time and the time of the judges. SEE THAT YOU ARE REGISTERED.

ELKS DRIVE FOR SALVATION ARMY

At the time of going to press it was impossible to get a definite report of the result of the Elks drive for the Salvation Army.

F. L. Sharpe in general charge of the drive said that the people of Jacksonville and vicinity responded nobly to the appeal and that the result would undoubtedly be satisfactory.

Members of Jacksonville Lodge No. 682 Benevolent and Protective Order of Elks wish to express their thanks to Jacksonville for the liberal response.

CAPT. EARL VICKERY IN NEW ARMY POSITION

Son of Major and Mrs. E. C. Vickery is Now Confidential Secretary to Gen. Bullard of Second Army Corps.

A letter just received by Major and Mrs. E. C. Vickery from their son, Capt. Earl Vickery, brings the information that the latter has recently been appointed confidential aide to General Bullard and General Hentvelnhan. Capt. Vickery has for some time been on the staff of Gen. Bullard, and in his position as secretary receives all callers and communications before they reach the higher officer.

Capt. Vickery writes that he is very anxious to come back to the U. S. but is uncertain when that time will come. He went to France with the 33d division in May, 1918, having received his earlier military training here in Co. I, Fifth Regiment, I. N. G. His army record has been such that it is a source of pride and gratification to his many friends in this city and community.

**The demand for men's fine negligee shirts was never greater and the assortment shown by FRANK BYRNS never excelled. The prices will not be lower for some time.**

**PROGRAM FOR THIS WEEK**

**MONDAY**  
HOUSE PETERS  
—in—  
"THUNDERBOLTS OF FATE"  
It rakes among the best. There is a thrill and suspense and excitement—but in addition—a stirring appeal that goes down under the skin and makes every spectator live and breathe with the characters on the screen.

**TUESDAY**  
MITCHELL LEWIS  
—in—  
"CODE OF THE YUKON"  
A man who is big enough to take back his wife after she for no other reason in the world but that she wanted the tinsel of life, has run away with her husband's enemy. Is the kind of a man that lives in the big, open northwest country where God is the only judge.

**WEDNESDAY**  
CARMEL MYERS  
—in—  
"WHO WILL MARRY ME?"  
A clean, wholesome, lovable picture of a little Italian girl from the slums who is married in a prank by a "good sport" millionaire. Their only trouble is—she loves him. Don't miss this, the greatest picture she has ever posed in.

**THURSDAY**  
CATHERINE CALVERT and EUGENE O'BRIEN  
—in—  
"A ROMANCE OF THE UNDERWORLD"  
A screen adaptation of Paul Armstrong's great drama of New York life. See, Life in Chinatown, Little Italy, Blackwell's Island, The Criminal Courts, The Bridge of Sighs and the Great Murder Trial.

**FRIDAY**  
"THE LURE OF THE CIRCUS"  
Episode No. 13, featuring  
EDDIE POLO  
—Also—  
"THE CANYON MYSTERY"  
A western drama featuring Helen Gibson.  
—and—  
A TWO REEL COMEDY

**SATURDAY**  
MARY MACLAREN  
—in—  
"CREAKING STAIRS"  
You've heard them and know how in the dark of an empty house they send creeps running up and down your spine; but if you think that's something to get frightened about see Mary MacLaren in her latest drama of mystery and suspense.

WE RUN THRU SUPPER HOUR EVERY DAY

## Less Talk With More Results

It is probable that many persons who read this advertisement will purchase a car before the summer is far advanced, and all this firm asks is a fair chance to prove the claims made for our cars, to your satisfaction.

We feel that we have three of the best lines of cars on the market, for the service demanded in this territory—the Overland, Willys-Knight and Liberty Six—in style and size to suit.

The PROOF is what you want. Come in. We will not TALK you to death, but will SHOW to be true what we claim.

### Story's Exchange, Loans and Insurance Real Estate

March 1, is passed but farms are selling as readily as onion sets. We have created an all the year market, by an all the year advertising. Listen to these:

## FARM PROPERTY

- (a) A little less than 160 acres near Joy Prairie elevator; 60 acres blue grass, 16 acres wheat, balance in meadow or to be used for corn. Nice new 6 room house and other buildings. Three-fifths possession March 1, 1920. Price only \$150 per acre.
- (b) 180 acres three miles from city. Twenty acres in wheat, balance fine blue grass and well watered. A few acres of excellent timber. Price \$155 per acre.
- (c) A farm of 46 acres, 20 acres blue grass, 20 acres wheat, balance for corn. Nice new 6 room house and other buildings. Three-fourths mile to elevator on C. & A. Will consider city property in exchange. Can give immediate possession. Price \$6,000.
- (d) A farm of 166 acres 4 miles from Murrayville, near church and school. 30 acres blue grass, balance fine farming land. New house, large barn and other buildings. Price \$210, subject to lease.

## CITY PROPERTY.

- Who ever saw city property selling so fast? I did not.
- (1) A fine little cottage of 5 rooms with two lots in second ward. Paved street and car line. Entirely modern and can give immediate possession. Price \$2,500.
- (2) A three room cottage now being redecorated inside. Has fine garden place and nice lawn. \$1,000.
- (3) A splendid flat, 5 rooms upstairs and 5 rooms down stairs, entirely modern, good condition, fine location. \$5,000.

# Skinner

211 South Sandy St. Illinois Phone 1262

## SAY, I'M PEEVED!

Want to hear the story?  
All right. Take a listen to this:  
The other day I met a friend from out of town and he handed me the following:  
"Say, Skinner, where the dickens is that famous, or notorious, whichever you call it, Automobile Accessories and Supply Store, you are supposed to be running in this burg? I've looked for it on several trips to town and, to date, have failed to locate it. You must be on an alley." "Nix," says I, "211 South Sandy St." "Sandy St.," says he, "Get out," there ain't no such animal, not in Jacksonville. All the sandy streets in Morgan Co. are in Meredosia." "Forget it," says I, "Sandy St. here is sandy in name only. The reason they call it Sandy St., is because all the merchants on the street have plenty of sand. If you don't believe it, just go into any business house on that street and start something." "Haven't got time today," says he, "but where is this street?" "Well, you big Galoot," says I "do you know where the Ayers Bank Building is?" "Yes, says he, "Well," says I, "it face east on Sandy St., and to find Skinner's Automobile Accessories and Supply Store, you go south one block, one hundred twenty-eight feet and 8 1/2 inches. If the door sticks when you go to open it, kick it at the bottom. When we moved in last fall a kid helping us spilled some of our famous stick-tight cement in the doorway."

Yours truly, JACK.

P. S.: This newspaper publishes this stuff because they expect pay for it. We expect to pay for it.

2nd P. S.: And we hope to sell you something for your car, to get some money to pay for it with.

### NEARLY SIX MILLION PRUSSIAN SOLDIERS

BERLIN, Thursday, April 3.—(By The Associated Press.)—Prussia's huge losses in officers and men during the war are indicated by a staff officer, who writes in the Lokal Anzeiger. He submits figures to show that 32,454 active officers at the front were killed, wounded or missing out of a total of 34,350, and that more than 4,330,000 soldiers were killed, wounded or missing out of 10,178,000 who actually fought at the front.

He points out that these figures are not the whole story. Prussian officers did not attack with their men. The figures show also how little Germany counted on a long war, for the Prussian mobilization contemplated 3,700,000 soldiers, to which approximately 6,500,000 had to be added before the end.

Germany started the war with 19,826 active Prussian officers and drew 14,524 more into the service.

### STOP RIOTS

Tacoma, Wash., April 5.—Fifty seven arrests were made today by the police in the rioting which took place when a half hundred former soldiers of the soldiers' and sailors' mutual aid association attempted to hold a tag sale on the streets of the city in the face of a police edict forbidding the sale. Thousands of shipyard workers thronged the street corners and hoisted the police who were attempting to keep order.

### REPORT UNTRUE

New York, April 5.—The report that Judge Ben B. Lindsey of Denver, is ill in this city is evidently a misunderstanding as the management of the Biltmore hotel said today that a telegram had been received from him from Mansfield, Ohio, saying he was en route to New York and asking for reservations at the hotel tonight.

### STEAMER IN DISTRESS

Marshfield, Ore., April 5.—A wireless message received here this afternoon reported the steamer Idaho sinking 25 miles off this port. The steamer Oleon was standing alongside and probably could rescue the crew.

The Idaho is southbound with one million feet of lumber. Severe storms are thought to be the cause of her distress.

### REPORT COMPLETED

London, April 5.—The American army and naval board which has been inquiring into the fracas on the strand on March 9, has completed its report.

The secret investigation, it is understood, showed that the affair was not serious and of little importance as far as the relations of the Americans with the local police are concerned.

### HAVE YOU \$51.56?

Washington, April 5.—Money circulating in the United States this month is sufficient to give every man, woman and child \$54.56, an increase of eighty cents over the per capita circulation in March, and an increase of \$1.80 over a year ago.

The total amount of money of all kinds available for paying bills is \$5,847,395,941. The population is estimated to be 107,166,000, an increase of 41,000 since March.

### AVIATORS KILLED

Treves, Friday, April 4.—(By The Associated Press.)—Lieutenant Roderick Cole, observer of Nesbitt, Miss.; Brayton Nichols, pilot, Worcester, Mass.; Charles York, pilot, New York City; and Private John Salerno, New York City, American aviators, were killed Wednesday in an accident near Treves.

An airplane squadron was flying at an altitude of 5,000 feet when two planes crashed together. In falling they struck a third plane, caused a forced landing and injuring the pilot and observer.

### BULLETINS

PLYMOUTH, April 5.—The Dutch Steamer Nieuw Amsterdam on which the former German minister to Mexico, von Eckhardt, is a passenger, proceeded this evening for Rotterdam after having been detained for a considerable time by the British authorities.

BERLIN, Friday, April 4.—(By The Associated Press.)—The German colonial administration will be represented at the peace negotiations by Dr. Albert Schneck, former governor of German East Africa and Dr. Marquardson and Dr. Ruppel, privy state councillors.

STUTTGART, April 5.—A battle between four hundred Spartans and government troops occurred last night southeast of Stuttgart. The Spartans, who had dug trenches on the hills between Wangen and Gaisburg, placed machine guns in position. The government troops bombarded the trenches with artillery.

PARIS, April 5.—(Havas.)—King Albert of Belgium returned to Brussels today by airplane. The King, it is said, carried away excellent impressions as to the result of his conversations with the members of the various peace delegations.

VIENNA, April 5.—via Amsterdam.—The entente mission here has demanded the German-Austrian government that the Bolshevik sent by the Hungarian republic to Vienna be expelled. German-Austria has requested that Hungary recall these men.

NEWPORT NEWS, Va., April 5.—The freighter Melrose arrived here from France late today with 27 casualties.

LONDON, April 5.—General Jan Christian Smuts, the special envoy of the allies to insure the situation in Hungary arrived at Budapest Friday.

LONDON, April 5.—A wireless dispatch from Berlin says that the Bavarian government in fulfillment of its plan for the socialization of the mining industry will arrange for the production of food, houses, clothing and materials, and also is considering a project for the socialization of the press. The newspapers already are adopting a determined attitude against this plan.

COPENHAGEN, April 5.—(By The Associated Press.)—A German version of the agreement reached at Spa regarding the transport of General Haller's Polish troops says that Marshal Poch promised to recommend that the British give freedom to German coastal shipping for the duration of the passage of the Polish troops thru German territory.

The dispatch says that the Germans guarantee the complete safety of the routes agreed upon. Measures have been taken that the troops being transported do nothing that might cause a disturbance among the population.

ARCHANGEL, April 5.—(By The Associated Press.)—The allied forces, principally the British and Russian operating in the Sredn Mekhrenska sector delivered a crushing defeat yesterday afternoon to a large Bolshevik attacking party.

The enemy charged the allied blockhouses and the piles of Bolshevik dead lying near them this morning indicated the severity of the enemy's losses.

In addition, the allied troops captured nearly 100 prisoners including a Bolshevik battalion commander and his adjutant.

In the Bolshevik Ozerki sector American patrols continue to harass the enemy. Allied guns are seen heavily shelling the town.

### BAKER PRESENTS SERVICE MEDALS

Washington, April 5.—Secretary Baker personally presented distinguished service medals today to nearly two score officers and civilians who rendered conspicuous service to the nation in the preparation of the army and the mobilization of industry for war. The first being Major Gen. Leonard Wood, ranking officer of the regular army.

### COREY CHANGES POSITION

Pittsburgh, Pa., April 5.—A. A. Corey, general superintendent of the Homestead Plant of the Carnegie Steel Company, resigned this morning to accept the presidency of the Cambria Steel Company and vice-presidency of the Midvale Steel and Ordnance Company. John S. Dursler, who has been in charge of the government plant at Neville Island, will succeed Mr. Corey, who will leave for Philadelphia Monday to assume his new duties.

### AN ODD BUILDING

Chicago, April 5.—A building 130 feet long and 9 feet, 2 inches in depth and constructed on the plan of show case is to occupy Michigan boulevard at South Water street. This became known today with the announcement that the strip had been sold for \$200,000. The site was made narrow by the widening of the boulevard to make a link between the north and south side boulevard system. The height of the "show case," the agent said, depended on a decision as to elevators that would be most feasible.

### TY COBB NOT YET SIGNED

Augusta, Ga., April 5.—Ty Cobb who has not yet joined the Detroit American training squad at Macon said tonight he had received his contract but had delayed signing it because he "objected to a ten days notice of release clause." It contained, he said, he had wired the club officials in Detroit and expressed confidence that an agreement would be reached soon.

### INSURANCE PLANNED

Legislation Proposing State Industrial Insurance Expected by Labor Leaders at Present Session — Representatives Study Laws of Other States.

Springfield, Ill., March 28.—Legislation proposing state industrial insurance is expected by labor leaders at the present session. No bills have been drawn to cover the subject, but a number of representatives are studying insurance laws of other states.

Representative H. S. Hicks of Rockford expects to draft an insurance measure patterned after the Ohio law, and labor leaders have shown a disposition to support his proposed bill.

The Ohio statute is said to prohibit private risk companies from doing business in the state. This prohibition also would affect Illinois if the Ohio plan were agreed on.

At least \$20,000,000 is expended every year by risk companies in Illinois to maintain the machinery of their concern, it is declared, and this money, friends of the state insurance plan contend, might be saved under state supervision.

Ohio's insurance law gives compensation for injury in the sum of two thirds of the salary received by the worker. Under the Illinois law now the rate of pay is one half.

### GERMAN SUBS WILL BE EXHIBITED

WASHINGTON, April 5.—Surrendered German submarines now being brought to the United States will be exhibited at ports on the Atlantic, Pacific and Gulf coasts of the Great Lakes and Chesapeake Bay and on the Mississippi and Hudson rivers. The submarines will arrive in New York late this month while the victory liberty loan campaign is in progress.

At New York motion pictures will be made of the submarines for display over the country.

After the submarines have been exhibited they will be carefully studied by construction and engineering experts of the navy.

### COLORED OFFICER MADE A COLONEL

SPRINGFIELD, Ill., April 5.—Odis B. Duncan, colored, today was commissioned a colonel of infantry in the Illinois National Guard by Governor Frank O. Lowden, to rank from March 18, 1915.

Col. Duncan recently was honorably discharged from the United States army with the commission of lieutenant-colonel in the 370th infantry. He was awarded the French Croix de Guerre with a divisional citation for bravery. Colonel Duncan was the highest commissioned colored officer in the United States army at the time of his discharge.

Col. Duncan before going overseas was a major in the old 6888 Central Postal Directory when it is re-organized.

### HINES COMMENTS ON PRICE FIXING

WASHINGTON, April 5.—Controversy between the railroad administration and the coal operators represented in the National Coal Association as to price fixing was said by Director General Hines in a statement tonight to have narrowed down to the question of "whether the public now wants government prices established as to keep coal at high price levels."

Such price fixing, he asserted, would keep up the cost of living and "continue to produce the aggregate abnormal profits to the coal operators."

### BORAH SPEAKS IN CHICAGO

Chicago, April 5.—United States Senator William E. Borah of Idaho, opposing a league of nations tonight in an address at a meeting held under the auspices of the committee of one hundred for an Irish republic advocated enactment by the new congress of an act to submit the acceptance of the league of nations to the vote of the people.

### CHICKEN HOUSE BURNS

Fire which probably was started by chicken thieves destroyed the chicken house of John Troy at 912 West Railroad street at 1:45 o'clock this (Sunday) morning. The building was totally destroyed. Mr. Troy had about a dozen hens in the house. There was no evidence of any carcasses after the fire was extinguished and Chief Hunt is of the opinion that the house was set afire by thieves who carried the chickens away.

### W. J. FELL SICK

W. J. Fell who has been ill for a number of days was accounted as in a more serious condition last night.

### MISSOURI GOVERNOR SIGNS SUFFRAGE BILL

Jefferson City, Mo., April 5.—Gov. Gardner this afternoon signed the bill giving the women of Missouri the right to vote for presidential electors.

### \$16,000,000 JUDGMENT

Muskogee, April 5.—Judgment for approximately \$16,000,000 was rendered in favor of the St. Louis Union Trust Company against the Missouri, Oklahoma & Gulf Railroad in the federal court here today and the road was ordered sold at auction to the highest bidder.

### BOLIVIA PLACES PROPOSAL BEFORE CONFERENCE

Washington, April 5.—Bolivia has placed before the peace conference in Paris a proposal which officials and diplomats here believe will result in a final settlement of the dispute between Chile and Peru over the provinces of Tacna and Arica. The proposal is that the provinces be given to Bolivia upon payment to Peru and Chile of 10,000,000 pesos each.

# Civilization

Savings banks and public schools are the two chief marks of modern civilization. Since the first savings bank was organized in Scotland in 1810, the system has spread all over the world. The savage lives from hand to mouth. The civilized man has foresight.

BE CIVILIZED, START A SAVINGS ACCOUNT.

## F. G. Farrell & Company

### Bankers

### BANK DEPOSITS LARGEST IN HISTORY

Washington, April 5.—Deposits and resources of national banks outside of New York City March 4 were the greatest ever reported and were notably large in country banks. Comptroller of the Currency Williams announced today. He did not give the figures.

In the three months ending April 1, ninety six applications for national bank charters were received.

### FOREIGNERS MUST PAY INCOME TAX

New York, April 5.—A course of action intended to prevent foreigners leaving the country with income taxes unpaid has been arranged by the treasury and state departments. William H. Edwards, collector of internal revenue, announced tonight. Before an alien can obtain a passport, he said, he has to produce either a receipt for his income tax in full to date, or an official statement that no tax is due.

### WARM WEATHER

Chicago, April 5.—The warmest fifth of April in ten years was recorded here today when the temperature reached 70 degrees at 5 p. m.

## DEATHS

Smith.

James Smith died at Our Saviour's hospital at 9:30 o'clock Saturday morning. He had been ill for two years.

Deceased was born in this county May 24, 1849. For many years he had resided in this city and county.

He was united in marriage in 1869 to Emma Rife of Concord. He is survived by three children, one of them being Peter Smith of this city. He also leaves one sister, Mrs. Henderson, residing here.

The remains were removed to Gilham's undertaking parlors and prepared for burial. Funeral services will be held from the parlors Tuesday morning at 10 o'clock in charge of the Rev. William Hughett. Burial will be in Moss cemetery.

Osborne.

Mrs. Martha A. Osborne, brief mention of whose death was made in the Journal of Saturday, was the daughter of Robert and Mary Sparks Acom and was born in Morgan county June 15, 1854.

She grew to womanhood in this vicinity and May 11, 1882 was united in marriage to C. A. Osborne. She is survived by her husband and one daughter, Miss Della Osborne at home and one brother, Edward R. Acom of Denver, Colo.

Mrs. Osborne was a member of Central Christian church and was always interested in the various activities of the organization. She was a woman devoted to her home and one whose many Christian qualities won and held many friends.

Funeral services will be conducted from the residence at 3 o'clock Monday afternoon in charge of the Rev. Myron Pontius. Burial in Diamond Grove cemetery.

BAKER.

Mrs. Fannie Baker of Pawnee died at Maple Crest sanatorium at midnight Friday where she had been taking treatment. She was 78 years of age at the time of death.

The remains were removed to Reynolds's Mortuary and prepared for burial and were taken to Pawnee Saturday morning over the Wabash. The remains were accompanied by Mr. and Mrs. Chester Baker. Mr. Baker being a grandson of the deceased.

CEIVED AT HERMAN'S.**

**LIEUT. COL. NEWCOMB  
ENDS ARMY SERVICE**

Lieut. Col. J. R. Newcomb and family, together with Mrs. S. D. Masters, have left Washington for their home in Indianapolis. A little more than a year ago Lieut. Col. Newcomb enlisted in the army service with the rank of captain. Less than four months later he was made a major and recently, just before his release from the service, he was advanced to the rank of lieutenant-colonel. In Washington he has been in charge of two hospitals for diseases related to vision and the rapid advancement given him indicates quite well the success of the work. Lieut. Col. Newcomb is one of the most prominent specialists in Indianapolis.

**MAJOR FELL TAKES  
IMPORTANT POST**

Major F. W. Fell, son of Mr. and Mrs. W. J. Fell of this city, was recently released from the army service at Washington and has taken a position as first resident physician at the Cincinnati Sanatorium. This is a large private hospital, located at College Hill, Cincinnati. It has been in operation since 1870 and is an institution similar to the McLean hospital at Waverly, Mass., and Bloomingdale hospital at White Plains, N. Y.

When the offer of this very responsible position came to Major Fell he had been recommended for the rank of lieutenant colonel and there were further possibilities for him in the army service, but he preferred to return to hospital work.

After entering the army service Major Fell was first located at Camp Grant, then was assigned to a cantonment in Kentucky and some months ago to Washington, D. C., where he was associated with the Walter Reed hospital. As his Jacksonville friends well know, Major Fell has become prominent throughout the country as a specialist on nervous and mental diseases. His family will remain in Rockford until the close of the school year and then will remove to Cincinnati.

## CLUBS AND SOCIETIES

The Woman's Relief Corps will hold their April birthday meeting Wednesday, April 9, at the home of Mrs. James C. Rice. Those who have no way to go are to take the 2 o'clock west bound car and go to the end of the car line where they will be met. Should the weather not be favorable the party will be held at the home of Mrs. J. C. Weber, 20 West Court street.

A meeting of the War Mothers Association of America which was held Friday, it was voted unanimously to unite with the Community Council in their work.

The East Side Unit and all charter members of the War Mothers Association and the West Side Unit are invited to meet at the Colonial Inn on Monday, April 7th at 8 p. m. Rev. J. O. Kirkpatrick will speak on "Ruined Cathedrals in France and Flanders," illustrated by stereopticon views. When our soldiers come home and talk of the beautiful things we must be able to be intelligent listeners.

The Fine Point Club will meet with Mrs. Fannie Brown at the Colonial Inn Thursday at 2:30. Please note change of date.

The History Class will meet Wednesday afternoon with Mrs. W. A. Fay.

The College Hill Club will meet with Mrs. Joy Monday afternoon at 3 o'clock.

The Monday Conversation Club will meet Monday at 2:30 p. m. with Mrs. M. F. Dunlap, 1025 West State street.

The Young Woman's Foreign Missionary society of Centenary church, will hold their meeting with Mrs. E. L. Fletcher, 620 West College avenue, Tuesday evening instead of Monday. Members please take notice.

The State Street church missionary society will meet at three o'clock Tuesday afternoon with Mrs. Harry Brady, 1153 West State street.

James S. Green of 908 North Main street, underwent a serious operation at St. John's hospital in Springfield, Friday morning. Reports from Mr. Green's bedside are encouraging.

A called meeting of the board of the Old People's Home will be held Monday evening at 7 o'clock in the parlors of the home. All members are urged to be present.

The Jacksonville Woman's Club will hold its next regular meeting Thursday evening, April 17, at Northminster church. Arthur Middleton, baritone soloist of the New York Metropolitan Opera Company will give the program. The guest privilege is extended to members of the club.

The Missionary society of Westminster church will meet Tuesday afternoon at 3 o'clock with Mrs. W. S. Jones. A paper on Africa will be presented by Mrs. J. Marshall Miller. The women will respond to roll call with quotations from the book of Hebrews.

The Friday Social Circle will meet with Mrs. Henry Frisch on Pine street Friday afternoon at 3 o'clock.

The Pastor's Aid Society of the First Baptist church will hold their regular business meeting Wednesday afternoon at 2:30 at the church.

### CONSERVATORY NOTES.

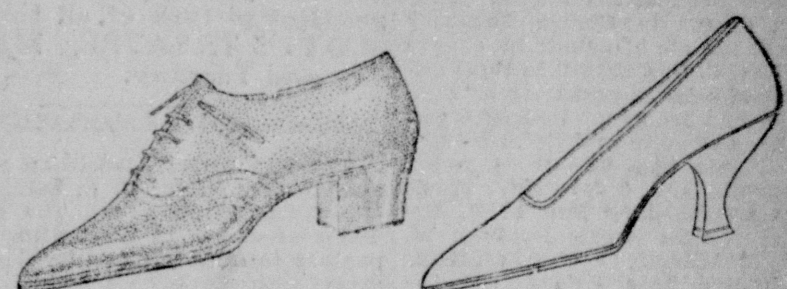

The recital given Friday evening by Frank Collins Jr., of Virginia, assisted by Audrey Hall, was well attended and both performers acquitted themselves creditably.

Mr. Kritch accompanied the violin numbers and Mr. Munger assisted in the two-piano number at the end of the program.

There was a students' recital last Thursday afternoon, at 4:30. About twenty students, from the elementary, intermediate and advanced class took part. An excellent program was given.

Miss Jennie Miller played piano solos at the high school on Monday, March 4th.

## SPRING STYLES in Oxfords and Pumps

**PLAYERS ACHIEVE  
ARTISTIC TRIUMPH**

Devereux Players Appear in Varied Bill at Illinois Woman's College—Present Three One-Act Plays at Matinee, Three-Act Play in Evening.

The visit of the Devereux Players to Jacksonville under the auspices of the dramatic department of Illinois Woman's College marks one of the high points in dramatic annals in this community. The company is a well rounded, versatile organization of experienced and talented actors and actresses presenting the best in drama, both from a dramatic and literary standpoint, in a manner that is not only adequate, but always artistic and at times distinguished.

In looking over the audience one could not fail to notice the small representation from the town. It is a long time since plays of such value have been given such a finished presentation and the gymnasium should have been crowded at each performance instead of barely half filled.

This appearance of the Devereux Players is due to the efforts of Miss Margaret Constance, head of the department of expression at Illinois Woman's College. Miss Constance deserves the appreciation and thanks not only of the students and faculty of the college, but of the community at large.

The matinee bill consisted of three one-act plays representing modern tendencies in the drama of Russia, Sweden and France, and served to introduce to Jacksonville audiences another member of the company, Lillian Aune whose work as the young widow in Tchekoff's comedy of "The Bear" showed her an excellent comedienne.

Erskine Sanford, whose portrayal of Ernesto on Friday evening showed that he has tragic power, proved by his portrayal of the creditor that he has menial average ability as a comedian, while Butler Mandeville added a unique character study in his impersonation of the servant in Strindberg's study entitled "Stronger." Lillian Aune showed real emotional ability and Marion McCrea as the silent actress gave a bit of very convincing pantomime.

"Indian Summer" by Misae and Halvey was charmingly done with the honors going to Butler Mandeville as "Briqueville." The though the other characters were more than adequately presented.

The evening offering was Bjornatjina Bjornson's "Love and Geography" a delightful comedy which was given with a keen appreciation of its real literary value and a real sense of humor. Lillian Aune took two parts that of the misunderstood and misunderstood wife of "Professor Lyggersen's house."

Erskine Sanford's study of the Professor was delightful. He made a real human being of the queer old scientist and held the affection of his audience through-

out. Edmund Forde proved his versatility by forsaking the tragedy of the preceding evening and being broadly humorous as "Professor Turman" while Butler Mandeville as "Malla" the aged servant was simply irresistible. The supporting characters were well presented by Eleanor Flowers, Marion McCrea and Charles Riekert.

Altogether it was a rare opportunity for students and lovers of the drama to widen their knowledge of contemporary drama and it is to be earnestly hoped that this is not the last visit of the Devereux Players to Jacksonville.

**HITCHCOCK RECEIVES  
CHANGES IN LEAGUE**

WASHINGTON, April 5.—Changes which have been made in the covenant of the league of nations at Paris have been cabled from Paris to Senator Hitchcock of Nebraska, retiring chairman of the senate foreign relations committee.

The message was received today by the senator but he declined to discuss it further than to say that he had not asked the American peace delegates for the information.

Senator Hitchcock is regarded as the chief spokesman of the administration in the controversy which has developed in this country over the league of nations plan and it is understood that the purpose of sending the communication was not only to keep the senator informed of the progress made in revising the league constitution but also that expected to be made.

Senator Hitchcock is to participate in a joint debate with Senator Lenroot of Wisconsin, Republican on the league of nations in New York next Monday night and it is probable that he will use some of this information in his address.

The communication to Senator Hitchcock was said to be the first relative to the peace conference to be received by any senator from the American delegation at Paris.

**REPORT 183 CASES OF  
SLEEPING SICKNESS**

WASHINGTON, April 5.—Altho 183 cases of Lethargic encephalitis, or "sleeping sickness" with fourteen deaths were reported to the United States public health service up to March 29, officials of the bureau still are undecided whether the disease is any type prevalent in Europe.

The bureau said it was impossible to say whether the figures gave a true picture of the prevalence of the disease inasmuch as the disease is not generally reportable to the health officers. The diagnosis in most of the cases reported seem to have been largely on the presence of stupor a condition found in many other cases the statement says.

The absence of any method of positively establishing a correct diagnosis and especially because of the failure to find a specific germ the health service is as yet unwilling to accept Lethargic encephalitis as a new disease.

Surgeon General Blue has detailed medical officers to make a comprehensive investigation and has requested state health officers to make the disease reportable.

**POLICE WILL MAN  
RAILROAD TUGS**  
New York, April 5.—Police crews with machine guns mounted on the pilot houses will take over Monday operation of the strike-bound railroad administration tugs needed to tow coal barges with fuel supplies for public utilities, it was announced tonight.

This development followed the action yesterday of Thomas L. Delahanty, president of the striking marine workers' union in an ordered union captain to leave railroad administration tugs which were being employed in the towing of barges owned by members of the New York Boat Owners' association.

Police crews began today the work of towing ashes and garbage to sea.

Calena, Ill., April 5.—Judge K. M. Landis of Chicago, his son, Major Reed Landis, the famous American "ace" and Congress man Hefflin, of Alabama will be speakers at the combined Grant's birthday and soldiers welcome celebration here April 28th. The celebration will include a parade.

**ENLARGE OFFER**  
Salt Lake City, April 5.—The Commercial Club of Salt Lake today pledged \$8,000 to the Pocatello Athletic Club to be added to the \$165,000 guarantee fund which the latter organization is offering Promoter Rickard to stage the coming Willard-Dempsey championship fight at Pocatello.**A CLEAR COMPLEXION****Ruddy Cheeks—Sparkling Eyes—Most Women Can Have**

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a preparation made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a trial and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

**NEW ARCHBISHOP OF  
ST. PAUL DIOCESE**

Monsignor Austin Dowling to Succeed Late John Ireland—Will Seek to Perpetuate Aims of Predecessor.

St. Paul, March 24.—Perpetuation of the aims of his predecessor, the late John Ireland, will be the constant endeavor of Monsignor Austin Dowling, who arrived here today and who will be installed tomorrow as archbishop of the St. Paul diocese.

"I will try to prove a worthy successor to my friend," he said simply. "I shall seek to further the great and good work he is doing."

Archbishop Dowling came here from Des Moines, Iowa, after seven years as bishop of that diocese.

"There's nothing out of the ordinary about me," he said, in speaking of his promotion. "I don't have any hobbies; I don't collect stamps or butterflies; I don't sing; when I read I devour volumes which most of my friends would call dull; I don't play chess, for I have no one to play."

"I am not a politician; I know I am not a politician; I know no party," he continued, "but I do admire President Wilson's altruistic leanings. His messages, too, have been real literature and have had the note of sincerity for which we all are looking."

Perhaps his greatest constructive work in Des Moines was the purchase of Des Moines Catholic College and its establishment last fall, after he had raised more than \$200,000 toward it during the summer. Several new parishes were established there during his tenure.

Born in New York City in 1869 he spent his childhood in Newport, R. I., attending the Sisters' academy and later Manhattan college, where he graduated with highest honors. His theological studies completed at St. John's Ecclesiastical seminary at Brighton, Mass.

After his ordination in the cathedral of St. Peter and Paul, Providence, R. I., in June, 1891, Archbishop Dowling spent several years at Catholic university in Washington, D. C., attaining scholastic records that attracted much attention.

Two years at Sacred Heart Parish, East Providence, followed and then he entered St. John's seminary at Brighton as an instructor, occupying the chair of church history four years. Editorial work was the next phase of church work taken up and for two years he was editor of the "Providence Visitor," a Catholic publication.

The assistant pastorate of St. John's in Providence followed; then he was placed in charge of St. Mary's church in Warren, R. I. The archbishop's last eastern pastorate was at the cathedral of St. Peter and Paul, Providence, where he had been ordained. It was in May, 1912, that he was promoted to the Des Moines diocese.

**WORKMEN'S FREEDOM IN  
BUDAPEST, MONDAY, MARCH 31**

(By the Associated Press.)

The workmen's freedom continues with automobile rides, cheap baths and cheap meals, so long as the meagre supplies of reserve food lasts. Meatless days have been instituted but are not enforced. Large amounts of money are tied up in the banks and the existing supplies of currency will be exhausted soon by the payment of workmen who no longer work. There are no presses in Budapest for printing paper money.

**YOUNG PERSHING  
WILL VISIT "DADDY"**

Chicago, April 5.—Warren Pershing, 8 year old son of the American commander-in-chief in France was on his way to Washington today to sail with Secretary of War Baker next week to see his "daddy," General Pershing. Warren has not seen his father for two years and is very anxious to be with him again.

All Work Done in Our Own Shop by Skilled Union Labor

Standing, sitting and walking correctly are the first essentials to good health and that elusive charm we call style

All women wish to be well; but all women do not appreciate the vital importance of correct corsetry as an essential to good health. The well-known medical authority, Alice S. Cutler, M.D., warns us: "As a physician who knows that if it were not for ill-fitting and the wrong kind of corsets we would have very few female invalids, I am naturally determined to do everything in my power to educate the American woman in the proper fitting of corsets. Most learned physicians now recognize the modern corset as a hygienically healthful garment and one that is often the best means of providing corrective support for many bodily ailments."

valids, I am naturally determined to do everything in my power to educate the American woman in the proper fitting of corsets. Most learned physicians now recognize the modern corset as a hygienically healthful garment and one that is often the best means of providing corrective support for many bodily ailments."

**GOSSARD CORSETS**

The Original-Unequalled Front Lacing Corsets

have attained their unquestioned superiority by assisting nature to perfect expression.

Every Gossard is hygienically correct. Properly fitted to the figure for which it was designed it will give scientific support to abdominal and back muscles, with no chance of undue pressure at the waistline; the organs of nutrition will be free from pressure; the erect posture which is induced will encourage deep breathing and the diaphragmatic muscles become strong with use. A woman so corseted will have the undeniable beauty of health and that grace of body, standing, sitting, or walking, which is best expressed in the one word, style.

We unreservedly recommend Gossard Corsets as the complete expression of modern corsetry. Our highly specialized corset service is maintained with a full appreciation of the exacting needs of the modern, active woman.

Gossards are priced at \$2.50 \$2.75 \$3.00 \$3.50 \$4.00 \$5.00 \$5.50 and more

### SALOME COMING TO SCOTT'S THEATRE

Theda Bara, To Appear in Great Spectacle—The Dance of Seven Veils.

Theda Bara, great emotional screen actress, is coming to Scott's theatre Monday and Tuesday.

No spectacle drama ever screened can compare with "Salome" in the sheer power and fascination of its scenes.

Surpassingly beautiful is the opening picture where Salome is shown bathing in the fountain among her maidens. Then Herod's throne room, and the Elders of the people petitioning the appointment of Prince David to the office of High Priest.

A picture that will stay in the mind forever is the meeting of John and Salome. Again, when the temptress goes to the Prophet's cell and entreats his love, Miss Bara's portrayal of the Princess' passionate wooing forms one of the most sensational scenes ever filmed.

The dance of the ages! The dance that palpates in history, art and literature like a passionate heart! All the lures, the excitement, the ravishment of woman expressed in the wild abandon of bodily rhythm! Never has Theda Bara revealed her surpassing power to sway human emotions as in this breathless scene, Salome, burning with fury, is dancing for a life!—the life of a man who repulsed her appeals for love. But the final tragic cataclysm comes. The brilliant banquet scene, with hundreds of gay revellers celebrating in wine and song the birthday of Herod, the appearance of Salome, the dance, the siren's triumph, the storm, the fleeing guests, the slaying of the temptress—all this forms an episode absolutely unapproached in the motion picture art.

With material and labor higher it is more necessary than ever to look closely for values. The new spring Stetson hats shown by FRANK BYRNS will help you solve the question to your advantage.

### SECTION MEN ENGAGE IN ALTERCATION

Manuel Devorus at Passavant Hospital—Richard Twyford Under Arrest.

As the result of an altercation between Manuel Devorus and Richard Twyford section men on the Burlington railroad, Devorus is at Passavant hospital suffering from slight wounds on the head and Twyford is under arrest.

The trouble occurred Saturday afternoon as the men were working southeast of the city. Twyford struck Devorus over the head with a shovel. Only slight wounds were inflicted and these were given attention by Dr. Reid.

It was stated at the hospital last night that Devorus was not badly injured and probably would be able to leave the hospital today. It is said that Twyford has a violent temper but that after he gets over his made spells he is a most likable man and easy to get along with. It is not thought that prosecution will follow the trouble.

### SEEK TO SET ASIDE THE VANTUYL WILL

Relatives of Wealthy Woman Not Satisfied With Disposition Made of Her Property.

A bill to set aside a will was filed in the circuit court yesterday by Thompson & Thompson for hearing at the May term. Noah Hudson, Robert Hudson, Mary W. Smock, Julia V. Schofield, Mary E. Sink, David H. Vangelson, Cecil L. Vangelson, Florence M. Vangelson, Charles B. Vangelson and Oliver R. Vangelson are the complainants, with John Garvin, Harry C. Garvin, Florence A. Garvin Cowgur, Fred O. Vantuyl, Edward J. Vantuyl, Charlotte Vantuyl, Charles A. Johnson and The Old Ladies Home, defendants.

The suit is brought to set aside the will of the late Martha Vantuyl who died Aug. 18. The will which it is sought to set aside was executed June 18, with a codicil bearing date of July 15, 1918.

**Farm and Other Property**  
At the time of her death Mrs. Vantuyl was the owner of a farm of 116 acres located near Ashland and which had a value of approximately \$25,000. By the provisions of the will the testatrix devised all of the farm to John Garvin for life and the remainder of the title of the land in the defendants, Florence Garvin Cowgur and Harry C. Garvin. By codicil to the will the testatrix made the modification that the said John Garvin should have a leasehold estate in the farm during his natural life and pay a rental of \$550 per year. It is set forth in the bill further that Martha Vantuyl owned a house and lot in Denver, probably worth \$5,000 and that she had a personal estate estimated to be worth about \$12,000.

By the will and codicil the Denver property was willed to Julia V. Schofield, a niece, for life, and at her death the property is directed to go to the Old Ladies home in Denver. The personal property to the value of \$12,000 was to be divided between the nieces and nephews and grandchildren as follows: Edward Vantuyl, Fred O. Vantuyl, Noah Hudson, Mary Smock, Harry C. Garvin and Florence Garvin Cowgur and Julia V. Schofield.

It is represented in the bill that the will failed to make any provision for Mary E. Sink, who is one of the grandnieces of the testatrix. It is alleged by the complainants that Martha Vantuyl at the time she executed the said will and codicil was not of sound mind, that she was a woman about eighty years of age and in her dotage; and furthermore that for many years prior to her death she had been an invalid and that thru disease her mind and memory were so impaired as to make her wholly incapable of making just and proper disposition of her estate.

It is alleged further that the defendants, John Garvin, Florence Garvin Cowgur and Harry Garvin used fraudulent practices and misrepresentations to induce the testatrix to favor them in her will. It is charged further that these defendants in order to have the deceased influence removed the deceased from Passavant hospital and placed her in charge of Mrs. Catherine C. Koenig, where further effort was made to exercise undue influence over the will and actions of the aged woman.

Charles A. Johnson was named executor of the will and when the document was filed letters testamentary were issued to him. For this reason he is named as one of the defendants in the present suit.

### T. P. A. IN ANNUAL ELECTION OF OFFICERS

Selected Officers and Delegates to National and State Conventions.

At the regular meeting of Post O. T. P. held Saturday evening the annual election of officers was held and delegates selected to the national and state conventions.

Following the election and business session a smoker was enjoyed. The Post is in a prosperous condition and now has a membership of 259. It is hoped that the Post can go to the state convention at Kewanee in May with 275 members. A membership rally will be held Saturday April 19.

The national convention will be held at New Orleans June 9. The state convention will be held at Kewanee May 9 and 10. Members of Post O will attend services at Centenary church this morning. All members are requested to meet at the hotels at 10:20 o'clock this morning.

The following officers were chosen:

President—L. L. Jaeger.  
First Vice President—H. D. Lavery.  
Second Vice President—G. W. Gard.  
Third Vice President—Howard Woodman.

Secretary and Treasurer—C. F. Ehnie.  
Board of Directors—Two years, G. Roy Scott and C. H. Coe. One year, LeRoy Craig and C. H. Phil-  
leo.

Delegates to National Convention—L. T. Hamilton, C. F. Ehnie, Alternates, H. D. Lavery, Thomas Waich.  
Delegates to State Convention—L. T. Hamilton, George R. Cain, Charles D. Sanders, F. L. Sharpe, W. H. McCarthy, H. D. Lavery, G. W. Gard, L. L. Jaeger, C. H. Phil-  
leo, G. Roy Scott, Thomas Walsh, C. H. Coe, W. S. Ehnie, J. W. Chipehase, Howard Woodman, M. E. Crain, C. F. Ehnie, Louis piep-  
penbring, H. B. Jaeger, James N. Conover, L. W. Brown, A. J. Gebert.

Are you going to buy an automobile? You say NO, the price is TOO HIGH. Well, JUST FOR THAT I want to suggest that you buy a Ford, and invest the difference in Water Bonds and help boost Jacksonville, the BEST TOWN ON THE MAP. C. N. PRIEST, the Ford Man

**IS BRILLIANT SPEAKER.**  
Senator Kessinger, who comes to the Congregational church tonight, has been for years prominent in the Illinois general assembly. His work there has been of a kind which has made his re-election easy and has given him a good name down state. A number of measures for the solution of public welfare problems have been introduced by Senator Kessinger and enacted into law. He has a large degree of popularity as a chautauqua and platform orator.

**LYNNVILLE CIRCUIT**  
Sunday services will be as follows:

Lynnville, Sunday school, 10 a.m. Preaching service 11 a.m. Mt. Zion, Sunday school, 2 p.m. Preaching services 3 p.m. Merritt, Sunday school, 11 a.m. Preaching service, 3 p.m. A number of stereoscopic views on South America will be shown. All are invited.

**F. C. Read, Pastor.**

**SUCCESSFUL TWELVE YEARS**  
A gentleman from this vicinity was buying a hat in a store in the city yesterday when a reliable man who knew him said that twelve years ago the man had \$3,000, which he invested in land. He went to work diligently and recently sold his place. He has lived and kept a family and has today clear of incumbrance \$59,000 which he has made in this special industry. He said he had devoted himself very assiduously to business and has received his reward. He said a man could not by any remarkable shrewdness reach up and pull down \$25,000, but with care, diligence and good management he might get it in time.

**Ninety per cent of tire troubles are caused by wilful neglect of that inevitable "Small Cut," which a small repair in time will add dollars to your pocket. We can do it. Illinois Tire & Vulcanizing Co., W. State St.**

**SPECIAL AT MT. EMORY BAPTIST CHURCH**  
The Rev. E. A. Crockett, D. D., formerly of Montgomery, Ala., recently of Canton, Ill., will speak at Mt. Emory Baptist church at both morning and evening services today.

The subject for the morning service is "God's Call for Men." At the evening service the subject will be "The Wonderful Christ." The public is urged to come out and give the speaker a good hearing.

Morning service commences at 10:45. Evening service commences at 7:45. Sunday school at 2:30 p.m. Mrs. Medora Bryant, superintendent.

**Ladies' and gentlemen's hats cleaned and blocked and dyed. Paris Cleaners and dyers.**

**CARD OF THANKS.**  
We wish to thank the many friends and neighbors for the many kind deeds at the time of the accident and after the death of our dear one.

Mr. and Mrs. John Harris & Son.

### ADVERTISING FIRM IS FIFTY YEARS OLD

N. W. Ayer & Son Anniversary at Philadelphia an Imposing Event—Record is One of Marvellous Growth.

Philadelphia, April 5.—A half century of advertising history was brought to an auspicious close by one of the largest assemblies of advertisers, advertising men, publishers and captains of industry ever gathered together. Nearly a thousand of these leaders of the advertising business celebrated the fiftieth anniversary of the founding of N. W. Ayer & Son, the oldest and largest advertising agency in the country, by a banquet in the Bellevue-Stratford Hotel.

The event was notable, not only because of the eminence of the guests present, but because it marked a milestone in the progress of one of the most respected and powerful of constructive forces in American business. It brings to the minds of those who have been associated with the advertising business since its early beginning, the part played by N. W. Ayer & Son in building it up.

**Eminent Speakers.**  
The speakers at the banquet were ex-President William Howard Taft; Victor Lawson, publisher of the Chicago Daily News; Earl D. Babst, president of the American Sugar Refining Company; N. C. Kingsbury, vice-president of the American Telephone and Telegraph Company; Edward W. Bok, editor of the Ladies' Home Journal; Edward S. Jordan, president of the Jordan Motor Car Company, and members of the firm, Albert G. Bradford, Jarvis A. Wood, Wilfred W. Fry and William M. Armistead. F. Wayland Ayer, who, with his father, Nathaniel W. Ayer, was the original founder of the firm of N. W. Ayer & Son, and is now the active head of the business, presided as toastmaster.

One of the features of the jubilee was the presentation of a portrait painting of F. Wayland Ayer to the organization. The presentation was made by Albert G. Bradford, a member of the firm. Mr. Ayer was then presented with a testimonial of appreciation signed by all the guests present and employees of the firm. The testimonial, in the form of an elaborately bound and illustrated autograph book, bore the inscription:

"To F. Wayland Ayer, who made a motto and has lived it, who evolved a principle and has practiced it, who set an ideal and has attained it."

N. W. Ayer & Son started without employees. In seven years there were twenty; in 1903 they numbered 200, and today they number nearly 400.

The firm early adopted the motto, "Keeping everlastingly at it Brings Success," and with a beginning of \$15,000 the first year, today it points to an annual business of many millions. Within ten years it had taken the lead among advertising agencies and in the amount of business placed, and has kept it ever since. Since its founding the agency has paid to publishers more than \$100,000,000.

**DON'T FORGET TRIANGLE SALE**  
at the Obermeyer Drug Store, continued this week. Three articles for the price of two—you buy two articles and we give choice of third one of equal value.

**LULY-DAVIS DRUG CO.**  
South Side Square

**PROBATE COURT.**  
In the estate of Charles E. Davis, letters testamentary were ordered to issue to Clifford Davis in accordance with the will.

The document provided that no bond should be required.

In the estate of J. A. Obermeyer, inventory and appraisal bill were approved and petition to sell personal property was allowed.

In the estate of A. B. Morey the final report of the executor was approved and the estate closed.

In the estate of Sarah Scott, deceased, letters of administration were ordered to issue to Robert Scott.

In the estate of Philip Conboy, the inventory was approved and authority given to omit appraisal.

In the estate of Millie Glassner, letters of administration was ordered to issue to Annie T. Loar and bond fixed in the sum of \$1,200.

In the estate of J. T. Swain, letters of administration were ordered to issue to Minnie and Charles Swain and their bond fixed at \$20,000.

### A NEW VENTURE IN JOURNALISM

A new venture in journalism has recently been launched. It is the Woodson Unity Messenger, a creditable publication of twelve pages, eight by twelve, published in the interest of Unity Presbyterian church by the pastor, Rev. E. W. Powell, assisted by Earl Sorrells, Ira H. Barrow, Mrs. Glasgow and Mrs. Colton. It contains a roster of the church and Sunday school officials, a few local and Jacksonville advertisements and the remainder is excellent reading. There are items of interest to the church; general news of a personal character and many good things on general principles relating to missions, daily Christian life and a good variety of reading matter. One item is especially good.

**Our Own Little Town.**  
If you meet a man who is down in the mouth, who thinks that his town is all wrong; just take him aside or give him a ride and hand him this quaint little song: There are fancier towns than our own little town, there are towns that are bigger than this; and the people who live in the finer towns all the city excitement will miss. There are things you can see in the wealthier town that you can't in a town that is small; and yet up and down there is no other town like our own little town after all. It may be that the street through the heart of our town isn't long, isn't wide, isn't straight; but the neighbors you know in our own little town with a welcome your coming will wait. In the glittering streets of the

glittering town, with its palace and pavement and thrall; in the midst of the throng you will frequently long for our own little town after all. If you live and work, and trade in our town in spite of the fact that it's small, you'll find that the town—our own little town—is the best kind of a town after all.

**'ARE YOU AN OPTIMIST?'**  
If so, buy RED CROWN GASOLINE at 23c the gallon, EUREKA and POLARINE Oils and Grease, at the STANDARD OIL SERVICE STATION where you get better goods for less money.

And, listen: Buy Water Bonds with the difference and help boost Jacksonville. C. N. PRIEST, the Ford Man

**LOYAL SONS CLASS TO GIVE MINSTREL SHOW**  
A minstrel show will be given tomorrow evening at 8 o'clock in the entertainment hall of Central Christian church by the Loyal Sons class of the church. A program of special merit has been prepared and will include a number of late songs. In true minstrel style the men will entertain the company with clever jokes between the musical numbers. An admission fee of 10c will be charged and it is hoped that an audience of good size will witness the performance.

**GAGE HATS**

## There Is Real Pride In The Ownership of an Essex

A Light Weight Economical Car that in Looks, Performance and Endurance Meets the Demand for the Best

Owners of some light weight cars manifest little pride in them. Their lack of attractive appearance, the limits of their performance and the quickness with which they become noisy and lose their newness have been accepted as inevitable in cars that are low priced.

But the Essex has awakened a new note of motor car appreciation. Hundreds of thousands have seen and ridden in it. They are so enthusiastic over the high priced car quality of its finish and riding ease that they are telling all their friends.

Mention Essex to any motorist and you open a subject that will reveal how the Essex became the most talked of car of the year.

But better than listening to others praise, come see for yourself. We will give you a ride that you will be glad to have had.

The five-passenger Essex sells for \$1490 f. o. b. Jacksonville

## ENGLISH DENTAL SYSTEM A POOR ONE

Committee Seeks to Bring About a More Satisfactory Condition By Various Recommendations—Dentistry Not Recognized as Profession.

LONDON, April.—[Correspondence of The Associated Press]—Butchers, drillers and turners are practicing dentistry in England. The only restriction, aside from possible damage suits, is that the "operator" does not call himself a "dentist" or "dental practitioner." It is unnecessary to register and any one may start in the business.

This condition with its resultant health injuries has long been discussed in medical organizations without remedy but at least it has been investigated by a governmental committee. The whole system is criticised and the many American dentists in London are hopeful that Parliament will standardize the practice of dentistry as a profession. There is no such recognition now.

Some of the American dentists in London enjoy an exclusive clientele but the reputation of the United States for good dentistry has been seized by unqualified persons in their flamboyant advertisements. They may and do advertise "American dentistry" and escape the technicalities of the law but not using the word "dentists."

The Departmental Committee of the Dentists Act shows how the "operators" work. One had twenty canvassers some of whom they could "operate" at the home of the victim. Another made a specialty of correcting the front teeth of young women—usually munitions workers with newly formed teeth. The system was to extract or saw off the objectionable teeth and fit new ones.

Large profits are made and there is a constant flow of recruits to the rank of unqualified operators while the number of licensed dentists has not increased in fifteen years. The committee's principal recommendations are:

Prohibition of the practice of dentistry by persons not registered.

Establishment of a public dental service.

Increased grants to dental schools.

Provision for dental treatment of expectant mothers and children under five.

Adequate system of school dental treatment.

**"DANDERINE" FOR FALLING HAIR**

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents.

pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

## ASK LEGISLATURE FOR REVOLVING FUND

Of \$1,000,000 to Provide Capital for Operating the Institutional Industries of State—Would Determine Which Industries Are Paying.

Springfield, Ill., April 1.—A "revolving fund" of \$1,000,000 to provide capital for operating the institutional industries of the state will be asked in a bill being drawn by the finance department it is announced.

The proposed fund would not involve the expenditure of more money than is ordinarily spent, it is explained, but would enable the department of public welfare to institute a system of bookkeeping and accounting which make it possible to determine what institutional industries are paying.

Under the new plan, the limestone fertilizer plant at Chester penitentiary it is explained would stand on its own financial structure. If the plant proved profitable, the increment on its investment would go into a special fund to be used for improving this particular industry. By this method of "revolving" funds, it could be discovered whether any particular plant operated by the state was a financial success.

A bill is pending in the legislature asking for \$125,000 for the purchase of a limestone grinder at Chester penitentiary. It is planned to sell this limestone fertilizer at ninety cents a ton for reclamation of soil in sections of southern Illinois said to be "sour" and unproductive.

**MAY CHANGE FISH AND GAME LAWS**

Springfield, Ill., April 1.—Half a dozen bills to change existing Fish and Game laws are being considered by their introducers, and with Ralph Bradford, superintendent of the state fish and game division, in an attempt to arrive at some general conclusion.

Only minor amendments have been suggested by the division to the laws now in force.

Sportsmen of the state are anxious to have changed the treaty between the United States and Canada prohibiting the shooting of migratory birds during the spring season. The federal law prohibits bagging such game after March 10.

Senator Bradford of Alton has introduced a resolution memorializing congress to extend the open season on migratory fowl to permit shooting after March 10.

Fred Scholfield of Levanville made the city a visit yesterday.

## 1920 OLYMPIC GAMES IN ANTWERP

Rome, April 3.—The National Olympic Committee has decided to accept the offer of the city of Antwerp, Belgium, and hold the Olympic games there 1920.

**BARRY O. JONES DEAD**  
Bethlehem, Pa., April 3.—Barry O. Jones, secretary of the Bethlehem Steel Company, the Bethlehem Shipbuilding Corporation, Ltd., and a director of the three concerns, died of heart trouble today. He was 74 years old.

William Sargent, Mr. and Mrs. Emory Carter, Mr. and Mrs. Alanson Thomson and John Boddy represented Markham in the city yesterday.

**He Quit Tobacco**

This veteran, S. B. Lamphere, was addicted to the excessive use of tobacco many years. He wanted to quit, but needed something to help.

He learned of a free book that tells about quickly, easily and safely, in a letter he writes: "I have no desire for tobacco any more. I feel like a new man." Others report similarly. Wonderful for easily overcoming cigarette and pipe habit, and chewing.

Anyone desiring a copy of this book can get it free, postpaid, by writing to Edward J. Woods, T.D.-31, Station F, New York City. You will be surprised and pleased. Look for quieter nerves, stronger heart, better digestion, improved eyesight, increased vigor, longer life and other advantages if you quit poisoning yourself with tobacco. In three days you can be rid of the addiction—then become robust, add solid flesh, become a man among men. This is genuine, show others this act.

**NEW PUNISHMENT FOR BIGAMISTS**

LONDON, April 1.—Infliction of penal servitude as a punishment for bigamists has been suggested by a Scottish judge and by the Common Sergeant at Old Bailey.

The Sergeant in imposing a sentence of one year's imprisonment upon an old offender quoted and approved the suggestion of the Scottish judge and added that bigamy "is now becoming a very serious offense."

**HEADS COLONIAL DAMES**

Chicago, April 3.—Mrs. Paul R. Bradford of Oak Park, Ill., was elected Illinois president of the Colonial Dames today.

**WOULD LET CITIES DECIDE**  
Albany, N. Y., April 3.—The senate today adopted a bill which would give municipalities local option on the question of the exhibition of motion pictures on Sundays. The measure has not yet passed the assembly.

# DORT

Quality Goes Clear Through

It is acknowledged that cantilever springs are the easy riding form of suspension for cars of comparatively short wheelbase.

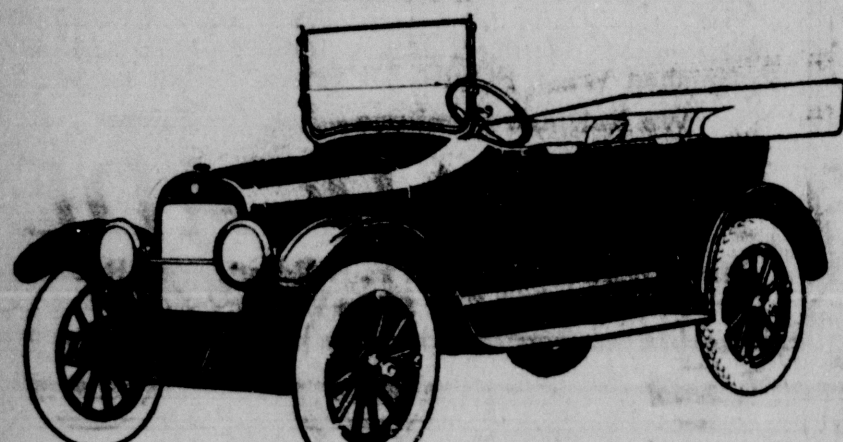

Touring Car \$925

Yet there is an individuality in Dort's manner of traversing rough roads. It has a difference in its swing and freedom from "kick up" in the tonneau.

Proper size, weight and hanging of the springs and correct distribution of body weight, account for this difference.

Let the dealer explain to you why the Dort wears longer, is more economical and comfortable.

## CHURCH SERVICES

Westminster Presbyterian—Edward B. Landis, pastor. The Sunday school will meet at 9:30. W. J. Brady is the superintendent. The morning worship will be at 10:45. The Communion service will be held at this hour with brief talk by the pastor. The session will meet at 10:15 to confer with all desiring to unite with the church. If you have no church home in Jacksonville we invite you to worship with us. Evening worship begins at 8 o'clock. A cordial welcome is extended to all.

State Street Presbyterian—W. H. Marbach, minister. A cordial invitation to the services of the day is extended to you. Sunday School, 9:30. Morning worship, 10:45. Junior C. E., 7:00. Evening service, 8:00. Members please note that the annual congregational meeting will be held Wednesday evening, April 9.

Northminster church—Sunday School, 9:30 a. m. Wm. Belcher, superintendent. A few missed connection last Sunday but with the attendance was good and the spirit was good, so come on you fellows and hurry up. 10:45 a. m. divine worship and consecration of children. Subject, "Is there a Place in the Church for the Children?" Come and see. At 8 o'clock p. m. the pastor will preach in the Trinidad school house. Telephone or tell a woman, get the news around somehow and come. 8 p. m. evening worship. Subject, "Jones and His Money." Good music and a glad hand at Northminster.

## Easy Shorthand

It is now possible for you to learn a superior shorthand method in a few hours; then speed can be gained so that you write as fast as a person talks. No need to spend months and a lot of money in learning stenography when it is now so easy and it will be taught by mail. Free lesson will be sent if you write to King Institute, E22-301, Station P, New York, N.Y. Take advantage of the free offer. You will be surprised and delighted. Show us this advertisement.

## ILLINOIS COLLEGE NOTES

President Ozora S. Davis, of the Chicago Theological Seminary, who is to speak at the chapel exercises Tuesday morning, is considered one of the strongest speakers in the Middle West. His addresses usually appeal to college students. He is nearly always on the Geneva conference program. The subject of his address on Tuesday morning will be "The Cost of a New World." Friends of the college will be welcome.

Thomas Worthington gave a very interesting and helpful address at the chapel exercises Friday morning on the subject "The Law as a Profession." The college is planning to have a number of addresses delivered in the near future on vocational subjects. At the same time the college library will display on the special reference shelf books and articles relating to the particular vocation discussed from the chapel platform.

Word recently received from William Kithier '17 brings the news that he has recently entered the University of Nancy, France. Homer Bale has also written that he expects to be sent to one of the foreign universities. Some of the Illinois College boys are evidently taking advantage of the special reference shelf books and articles relating to the particular vocation discussed from the chapel platform. It is stated that these young men will be allowed to remain in these schools even after their units have been ordered home. The government continues to pay the usual remuneration and pays also a bonus.

The students and faculty of the college are taking a great interest in the plans to revive the May

## Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give **Foley's Honey and Tar**. It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. **Foley's Honey and Tar** tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute. **Mrs. B. H. Garrett, Schoolfield, Va., writes:** "My baby was stricken with a severe cough and cold at one month old. I gave him ten to fifteen drops of **Foley's Honey and Tar** every three hours and it surely did help him. He hasn't been sick a day since."

**M. E. Gilbert's Pharmacy**

## HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take **Olive Tablets**. **Dr. Edwards' Olive Tablets**—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. **Dr. Edwards' Olive Tablets** are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. **Dr. Edwards' Olive Tablets** act on the liver and bowel, like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two tablets and note the pleasing results.

Day this spring. Mrs. Andrew Russell and Mary Alexander are to go to Chicago in a few days to confer with Miss Hinman, the director of the Hinman School of Folk Dancing.

Professor William F. Luebke, of the English department, was called to his home in Wisconsin a few days ago by the death of his father.

John Martin and Henry Best went to Naperville recently to attend an important college Y conference. They expect to give an account of the conference at a meeting of the College Y Sunday afternoon in Beecher Hall. Both boys report that the conference was one of great interest and inspiration.

The regular devotional service will be held at Academy hall Sunday evening.

Plans are progressing for the Illinois College interscholastic which is to be held on May 8th. It may be necessary for the committee to appeal to the merchants of the city to assist in raising a small guarantee fund to take care of this event.

The gymnasium exhibition given by the girls of the college, under the direction of Mrs. P. C. Thompson, Thursday afternoon proved to be of unusual interest to the friends who witnessed it.

## TO THE VOTERS OF JACKSONVILLE:

Thirty-three citizens, of their own free will and accord, it appears from the returns wrote my name on their ballots as a candidate for City Clerk at the primary election held on March 11th. I was not an avowed candidate, or I should have filed a petition as was suggested to me. Of the thirty-three voters, I knew then, possibly eight or ten have told me how they voted. Of the remainder, I am not yet aware of their identity. However, since these friends (?) of mine went to the trouble of writing the name on their ballots and as many others have urged me to become a candidate, I decided to let it go at that and if elected April 15th, that I will serve to the best of my ability. I do not feel, as has been intimated to me on one or two occasions, that I am attempting wrongfully to deprive any one of "his job," because up to date what support I have received has been voluntarily offered and wholly unsolicited. Furthermore, the position is one to which each and every citizen of Jacksonville has the same right to aspire as any other citizen. I believe in a fair, close contest and so far as I am concerned, nothing of a personal nature will be injected into this one, nor sanctioned by me if started by others.

I am heartily in accord with the views and sentiments of a local minister, whom I heard preach a sermon on politics a short time ago. He said every good citizen took an interest in politics and exercised his voting prerogative whenever opportunity offered. He advised voters to study the lives of not only the candidates, but also their friends and enemies. I do not know who my enemies are or may be, but I certainly am not ashamed of my friends and associates, or their records.

I lived in Morgan county for twenty years, and attended the High School and Illinois College in Jacksonville; am an Alumnus of the latter institution. Later I went west with the well known firm of Greenleaf & Baker of this city, returning home five years ago. My occupation has been largely that of a bookkeeper and general office work, with five years in newspaper work. For the last five years I have been with J. Capps & Sons.

I naturally shall be pleased if elected, but if a majority decide adversely, I shall be neither offended nor unduly disappointed. I believe every voter should enter the voting booth untrammelled and free to vote as his conscience dictates. Hence, I would not exact a promise to vote for me even from my best friend. "Barkis is willin'." Let the voters decide.

Respectfully,  
**WILLIAM H. SLATER.**

## MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime. Many become nervous and inefficient by overwork.

By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take several tablets of Bio-feren every day for seven days—and take them faithfully.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

## Willard SERVICE STATION

### Battery Tonic

There's only one real battery tonic—only one kind of stimulant that helps keep your battery in trim.

That's pure water.

Just pure water—no acid. Add a little every week or so and you'll sidestep a lot of battery troubles.

Or bring your car in and we'll add it. Be sure to drop in at regular intervals and let us test the battery.

Ask while you're in about Threaded Rubber Insulation. Don't forget to mention that you want a copy of the booklet, "A Mark with a Meaning for You."

We test, repair and recharge storage batteries, and always carry a full supply of battery parts, new batteries and rental batteries

### MAVERICKS

Why not move the seat of government to Paris or dear of London?

It's too bad but we can't send a lot of brilliant university professors to Washington and fire such men as Senators Lodge, Borah, Knox and others who seem to be getting weak minded.

Speaking of a league to enforce peace and a league of nations. Why not perfect such an organization in Jacksonville where, judging from events of the past few weeks, one is badly needed.

It is to be hoped that our senators in Washington won't take the resolutions passed at the league of nations meeting last Thursday night as an expression of the sentiment of the citizens of Jacksonville, as favoring the league of nations as proposed at the peace conference in Europe.

Judging from his after election statement Doc Wheeler defeated candidate for city commissioner of Springfield has appointed him

### Extra Good 300 Acre Morgan County Farm

Close to Good Town on C. B. & Q. Ry.  
\$225 Per Acre

No better combination farm anywhere; 290 acres level black land; 60 acres gently rolling dark timber soil; 40 acres rougher land; all subject to cultivation and most of it now in cultivation; has been farmed and stocked by present owner for 30 years; has fed hogs and cattle all over farm, and raised lots of clover, all of which keeps land in good state of cultivation.

Improvements: These consist of one main set of buildings of large dimensions, modern in every respect; house is beautiful two-story frame, 8 rooms, large sleeping porch, basement, furnace heat, good water system, hot and cold in bath and lavatory; large barn, corncribs; hog, poultry and cow barns and out buildings; everything in good repair. There are two other houses, one a five and other four room, with barns.

Farm is all well fenced with woven wire, with hedge posts, in good repair.

Fine Location Farm's nearest point to good town on C. B. & Q. Ry. is half mile, main dwelling is 2 1/2 miles.

Price Very Low The price is only \$225 per acre, and if you are at all interested you should see this farm at once, as it will sell quick once it is known to be on the market.

A REAL SOUTHEAST MISSOURI FARM BARGAIN

Choice 250-acre farm, 5 miles from county seat town of 12,000; every acre can be cultivated; has 90 acres of growing wheat, one-half goes to buyer. Is well fenced and cross fenced with woven wire; clover on farm last year cut three tons to acre. For quick sale this farm goes at \$80 per acre, quarter cash, balance long time at low rate. Improvements are good, 6 room story and half house, large barn; also smaller house with barn.

Call, Write or Phone J. A. WEEKS ARENZA, ILL. Write for Farm List

self as official savior of the state capital from its state of anarchy and lawlessness. Doc surely has some job on his hands but he has a wide experience along such lines and if anybody can turn the trick he can.

And speaking of this, reminds us of Doc's bill for a commissioner and four deputies to assist the government in enforcing the national prohibition law. The commissioner is to receive \$6,000 per year and the deputies \$4,000 per year and twenty five inspectors at \$6 per day and expenses. In view of the fact that the government already has under way laws for the enforcement of the national prohibition act and also the fact that Mr. Palmer, attorney general has issued a statement that no official recognition can be taken of any organization by the department of justice, it would seem that the proposed law is just another waste of the tax payers' money from which no good will be derived.

To one reading the recent hearings before the utility commission comes a dawning realization that the public utilities law is not going to be amended to give cities home rule without a bitter fight by the utility corporations.

When this law was first discussed in 1912 we made the statement that it was fostered and would be put over for the benefit of the public utility corporations. Events have since proved that this statement was true. So far the utility companies have not kicked on the work of the commission. On the other hand every city in the state has set up a prolonged howl against the law.

However, it is going to require heroic measures to eliminate the objectionable features of the law and we predict that before this is done that a number of new legislators will have to be sent to Springfield from various parts of the state.

Theodore Roosevelt I dead but the "Big Stick" method still lives.

G. W. D.

ROYAL FENCE Manufactured by the American Steel & Wire Co. Stands like a stone wall, full weight, full length rolls, strong construction, superior galvanizing. All number nine wire, will keep in horses, cattle, hogs and all farm animals. Will also keep out elephants, lions, Ford cars and the like. For sale by F. J. Andrews Lumber Co.

NOTICE TO BIDDERS. City of Jacksonville, Illinois. Earth Dam, Filter Plant and Appurtenances.

Sealed proposals for and Earth Dam and Filter Plant, will be received by the City of Jacksonville until 12 o'clock noon, on the 11th day of April 1919.

The work for which proposals are invited, includes an earth dam about 600 feet long, Concrete Spillway, a Water Filtrate Plant of 1.5 million gallons capacity with all appurtenances, according to Plans and Specifications on file in the office of the City Engineer of Jacksonville, Illinois, and of Pearce & Greeley, Engineers, 64 W. Randolph St., Chicago, Ill.

A certified check or security bond, acceptable to the City to the sum of \$500.00 shall be deposited with each bid. Bids may be made on the Dam and Filter Plant as separate contracts, or together as one.

Plans and Specifications may be secured upon deposit of \$5.00. The City Council reserves the right to reject any or all bids, waive any informality in the bids and to accept any bid which it deems most favorable to the City of Jacksonville.

The City of Jacksonville, Illinois. By Henry J. Rodgers, Mayor. R. L. Pyatt, Clerk. March 24th, 1919.

"THE NICEST THING ON WHEELS" is that NIFTY FORD SEDAN that Miss Addie McBride bought of C. N. Priest, the Ford Man. Watch it go by, stop in at the Ford plant on West State street and see it. Has the NEW LIBERTY STARTER, built in the car by the Ford Motor Company. Turns the motor 1500 revolutions per minute. Just think of it. "Can you beat it?" C. N. PRIEST, the Ford Man

Cord Wood and Sawed Wood Walton & Co. Either phone 44

### From County Agents Office

Potato Cutting—The old way was to cut the potato so that each piece had one or two eyes. This is a slow process and unfitted for commercial work. Small potatoes are generally cut in two the long way, medium sized potatoes weighing from 4 to 8 ounces once the long way and then crosswise making four pieces. A large potato is frequently quartered the long way and then crosswise making eight pieces. By inserting a sharp butcher knife upright in a table with the edge away from you, and using both hands to pull the potato against the knife the work can be done very rapidly. Sometimes they are cut by special machines, run by hand, and again by machines run by a gasoline engine. However, the upright knife and hand method is preferred by many.

Treatment for Scab—The formaldehyde treatment is effective. Corrosive sublimate is better for it controls other diseases besides scab but it is a deadly poison.

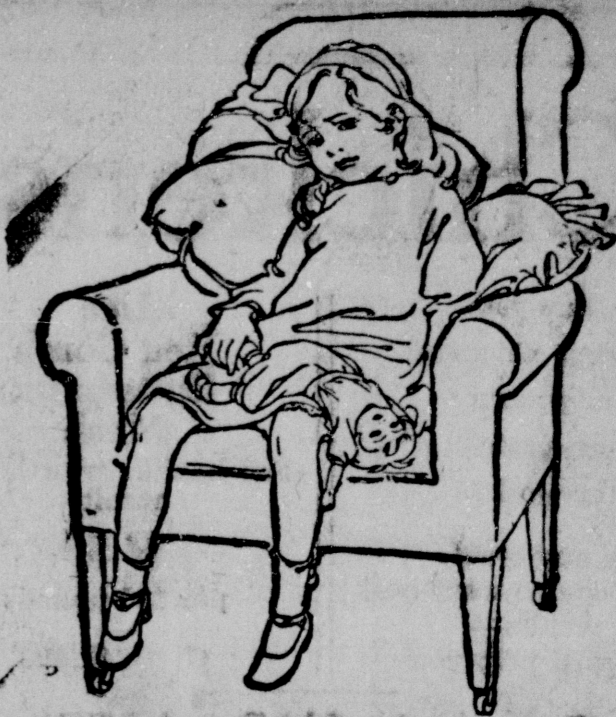

If scabby seed is planted scabby potatoes will result. Big growers do not aim to grow potatoes on the same ground oftener than once in five years.

Solving the Labor Problem—On Friday Hiram Drury was rolling wheat in a decidedly unusual way. He was handling unaided three teams and three rollers. A timber extension was attached to the first and second rollers. To the end of these was tied the team drawing the following roller. The arrangement enabled him to do three men's work.

Soy Beans—This office is recommending soybeans to the

Morgan county farmers for several reasons. They make an excellent catch crop with just as good fertilizing qualities to use when the clover fails. When grown in this way they may be either used for hay, harvested for seed, or turned under as a green manure crop. Recently soy beans have come into popularity as a forage crop planted with corn for hogging down. When used in this way they are a very satisfactory substitute for tankage, cottonseed meal, and other high protein feeds. For the best results the seed should be inoculated with the proper bacteria. Recently some private growers are using the muddy water system with success. We are recommending that method this season instead of the glue method.

James Ranson of Lynnville journeyed to the city yesterday.

### Constipated Children Gladly Take "California Syrup of Figs"

For the Liver and Bowels

Tell your druggist you want genuine "California Syrup of Figs." Full directions and dose for babies and children of all ages who are constipated, bilious, feverish, tongue coated, or full of cold, are plainly printed on the bottle. Look for the name "California" and accept no other "Fig Syrup."

### ILLINOIS WOMAN'S COLLEGE

Rev. and Mrs. McGriff furnished delightful entertainment at the Tuesday chapel. Their interpretation of the innate buoyancy and religious faith of the colored race was greatly appreciated. Mrs. McGriff, well known in Jacksonville as Birdie Boyd, has given satisfaction to the friends who believe her worthy of an educational training.

The plans for the annual May Day celebration are going forward very nicely. There will be a complete departure this year from what the May Day has been in the past. Instead of just a queen and queen. These young women have already been chosen by the student body. Miss Zeteta Schwartz, of the Junior class, will be queen; and Miss Mary McGhee, a senior, will be king.

The setting is a sylvan one. The occasion is the Coronation of the Queen of the Fairies. The Pixies, Meadow Elves, Walter Sprites, Spirits of the Wind, Sun Fairies and many more of the little woodland people have gathered at green throne or trysting place of the fairies. They have come from all the surrounding woods and meadows to celebrate the occasion with dancing and music.

Among the group will be two mortal children who take great interest in the performance of the fairies and also take part themselves. The exact date has not yet been set, but we are working toward the twelfth of May. The young women are working hard and feel sure of the interest and co-operation of the towns people.

Miss Grace Harris has been elected president of the Y. M. C. A. for the year 1919 and 1920.

### TUNGSTEN LAMPS

Increase the Light  
Decrease the Cost

Old style carbon lamps give at best a sickly yellow light and consume current ravenously.

Change every one to a Tungsten — decrease your bills and increase your light.

Correct lighting — the best light for a given purpose — is our business.

The Centenary celebration of American Methodist missions to be held June 20th to July 7th in Columbus, Ohio has invited Illinois Woman's College to send a number of her students to act as stewards. There will be about five hundred college students stewards in the seven different exhibit buildings. They will be dressed in native costume; will guard and explain the exhibits; answer questions of visitors and drive home the missionary moral.

Word has been received from the graduate school of the University of Illinois that Miss Margaret Peirs of Jacksonville, who holds the Illinois Woman's College scholarship at the university, is doing very satisfactory work.

Miss Mary Whiteside of Carrollton, Illinois has been honored with the Illinois Woman's College scholarship at the graduate school of the University of Illinois for the year 1919-1920.

The Salvation army drive was presented at the Saturday chapel by Sergeant Hampton. A great deal of interest was shown by faculty and students in a practical way.

The Devereux Players of New York City arrived in Jacksonville Friday afternoon for their engagement of three performances. There are ten players in the company.

President Barker occupied the pulpit of Ebenezer church Sunday morning, March 30th.

The annual Wesley Mather's Expression Contest will take place on Monday evening, April 7th, at 8:00 p. m. in Music hall. There will be six contestants this year and all the selections are of a dramatic order. Everybody is invited to this most interesting and exciting evening's program.

Miss Constance, director of the expression department, entertained at dinner on Thursday evening for the girls graduating in expressions this June.

The Dramatic Club girls have generously assisted in the advertisement and selling of tickets for the Devereux Players.

The next meeting of the Y. W. C. A. will be on April 6. The leader will be Miss Grace Hasenstab. The subject will be "Re-thinking the Home in National Life" and the music will be furnished by Miss Myrl Hammond.

### FUELIC WELFARE

**AGENT EXONERATED**  
SPRINGFIELD, Ill., April 3.—The department of public welfare was exonerated of charges of placing children in unfit homes and illegally accepting money for his services, in a report filed here today by the investigating committee. Charges were made against Doctor Virden by the Juvenile Protective Association of Chicago. It is alleged that he allowed children in state institutions to be put in unfit homes and that he took payment for acting as an attorney when he is not a lawyer.

The investigating commission was made up by Judge B. R. Burroughs, Edwardsville, a member of the welfare commission; Doctor Charles Haves, officer of the Geneva School for Girls, and J. E. McClure, assistant director of the department of welfare.

**WORLD IS FAST BECOMING REPUBLICAN**  
PARIS, March 27.—(Correspondence of The Associated Press.)—The world is fast becoming republican. Before the war, monarchs and republics were about equally balanced. Now there are 29 republics as against 21 monarchies, counting Germany, Austria and Russia as one republic each. The number of republics will still be augmented by several new states that are now in course of formation. The largest republic is China with 400,000,000 inhabitants; the smallest is San Marino, which has only eleven thousand citizens.

**FLIGHT DELAYED**  
St. Johns, N. F., April 3.—Indications were today that the Sopwith airplane with which Harry G. Hawker and Lieut. Commander McKenzie Grieve, British aviators plan to cross the Atlantic would not be able to start on April 16 as planned.

**DANIELS IN ITALY**  
Rome, Wednesday, April 2.—Josephus Daniels, American secretary of the navy, arrived here today and was met by American Ambassador Thomas Nelson Page and Vice Admiral Delbono, Italian minister of marine. He will confer with Italian authorities on Italy's after-the-war problems, particularly coal tonnage.

**U. S. WILL BUY 3,730,000 POUNDS LAMB**  
Chicago, April 4.—The government is in the market for 3,730,000 pounds of lamb, it was learned today at the stock yards. At present lamb is selling at virtually the same high prices that beef and pork are bringing.

**MANY EDITORS WILL ATTEND LOWRIE FUNERAL**

Elgin, Ill., April 4.—Many editors and publishers and other members of press and educational associations are expected to attend the funeral Sunday of Adam H. Lowrie, 82, who for thirty-six years edited the Elgin Daily News. Services will be held at the First Congregational church here at 3 o'clock Sunday afternoon. Mr. Lowrie was widely known in newspaper circles and prominent as an educator.

**WOMAN'S SUFFRAGE UP TO MISSOURI GOVERNOR**  
Jefferson City, Mo., April 4.—The presidential suffrage bill for women already passed by the senate was passed by the house this morning and was sent immediately to Governor Gable for his signature. The governor expressed the intention of signing the bill as soon as it reaches him.

**TURN OVER MINE TO EMPLOYEES**  
Berlin, Thursday, April 3.—(By The Associated Press.)—The S. Bleichroeder banking company of this city which owns nearly all the shares of the Great Oppeln mine at Oppeln, Silesia, has arranged to turn over its stock to members of the miners' union at par. This mine will, if the arrangement is carried out, become the first in Germany to be owned by the employees.

**REJECT PROPOSAL**  
New York, April 4.—The marine hoisting engineers union voted today to reject a proposal of the New York boat owners association for a separate settlement in the harbor strike. The lighter captains' union which recently accepted a separate settlement offer will vote tomorrow on a proposal to rescind his action.

**NEW LABOR PARTY MAKES FURTHER PLANS**  
Chicago, April 3.—The new labor party which had a ticket at the municipal election Tuesday today made plans for participating in the Illinois constitutional convention and its executives considered plans for the state convention set for April 10 at Springfield.

At Springfield, it was announced immediate merger of the party and the non-partisan league movement in Illinois would be considered and plans made for establishment of co-operative stores for the benefit of Union Labor throughout the state. A. C. Townley, president of the non-partisan league is expected to attend the state convention.

**NAMED AIDE TO HAYS**  
Indianapolis, April 3.—Schulze A. Haas of Indianapolis has been appointed by Will H. Hays, national Republican chairman to organize farmers in the middle west and northwest. Mr. Haas will make his headquarters in Chicago.

**SUBSCRIPTIONS NOT CLOSED**  
Washington, April 3.—Subscriptions to the \$200,000,000 issue of five per cent one year war bonds offered by the war finance corporation will not be closed before the end of this week. The offering was oversubscribed on the first day. The various subscriptions will be accepted on an allotment basis.

### LOAN CAMPAIGN MEDALS

Washington, April 3.—Secretary Glass today made the first presentation of a treasury department special medal for distinguished service during the Liberty Loan campaigns to Rear Admiral Thomas J. Cowie, under whose leadership exceptional records were made by the navy in the third and fourth Liberty loans. The first three of these medals which have been made from captured German guns, will go to President Wilson, former Secretary of the Treasury, McAdoo and Secretary Glass. These have not yet been presented.

### RULES IN FAVOR OF CITY OF CHICAGO

Chicago, April 3.—The People's Gas Light & Coke Co., today lost its fight to take the litigation over gas rates in Chicago out of court when Judge Torrison in the circuit court ruled that the court had jurisdiction. In this case the city of Chicago is seeking to compel the gas company to return \$10,000,000 alleged over charges to gas users.

## WHITE HALL TREE PLANTING SUCCESS

Trees are Hard Maple and Were  
Donated by Mrs. W. S. Corsa—  
Congressman Rainey Entertain-  
ed White Hall Boy Scouts.

White Hall, April 5.—There have been planted and dedicated at the White Hall soldiers' monument seven hard maple trees in memory of White Hall soldier boys who died while in the service of the recent war. The trees form a semi-circle about the massive monument. They are the hard maple variety, and were presented to the committee of women for this purpose by Mrs. W. S. Corsa of Gregory Farm. Each tree will be cared for by a local organization, and later each organization will erect a tablet at the respective trees in memory of the soldier boy to which the tree is dedicated. The list is as follows:

James M. Lyons, died in France, March 9, 1918—Senior High school.

John Moore, died in the United States, March 27, 1918—Music club.

Francis Grimes, died in Russia, April 7, 1918—Junior High school.

John Fisher, died in France, June 10, 1918—Domestic Science club.

Amos Walker, died in France, September 26, 1918—Art League.

Charles Martin, died in France, October 6, 1918—Round Table.

Henry Dow McCracken, died in France, November 4, 1918—Public schools.

Formal exercises dedicating the trees and of a general patriotic character were held last Thursday, and it was made a very important and largely attended occasion.

## Is Your Clock Dependable?

If it isn't you had better throw it away—that is, if it is beyond repair. A clock that's uncertain in its actions is about as desirable as a balky mule. Engagements and trains are missed because of undependable clocks, and you all know how unpleasant such events are.

These Clocks  
Are Dependable  
The Big Ben, Cyclone,  
Alert, Vigilant, Hall

caslon. Following exercises in Whiteside park, a parade, headed by color bearers from the local G. A. R. post and the Rawlins Concert Band of Roodhouse, moved to the monument grounds at the entrance to the White Hall cemetery under the direction of Capt. Bean Corsea, where impressive ceremonies were carried out. The dedicatory address was delivered by Lieut. Charles Wamken of the Sixth heavy artillery, the first American unit to fire a shot in the great world war. The dedicatory address was delivered by Rev. J. O. Rainey, the man with a stentorian voice, who has been exceedingly active in patriotic enterprises all during the war in connection with his Baptist official duties. The speaker stood on the retaining wall at the steps leading to the monument. The opening feature of the exercises at the monument was a song by the Duncan sisters, the words of which were written by Miss Emma Duncan and set to the tune of "In the Tie of Roses," and the closing number was "Star-Spangled Banner" by the band and congregation. Each tree was then tagged in the proper order, and these tags will be replaced with permanent tablets when the trees attain a larger growth.

## Business Suspended During Afternoon

All business houses closed at 1.30 in response to the proclamation of Mayor Boehm, at which hour exercises were held in Whiteside park, the address of the day being delivered by Congressman Henry T. Rainey of Carrollton in the presence of an audience of 500 people in spite of very threatening weather. Mr. Rainey recited a complete history of the war and the part played by the United States, giving inside facts because of his membership with the ways and means committee. He took occasion to boost the Victory loan, which is to aggregate six billion dollars, bringing America's total bonded war debt to thirty billion dollars, paying his respects to the Lodge-Knox senate combine for not obeying President Wilson.

The schools were dismissed and took a prominent part. Superintendent Smith serving as general chairman of the day. Public school children sang "America," and the high school glee club sang "America, the Beautiful." There was also a quartet of public school teachers. The invocation was by Rev. Leo Howard, pastor of the M. E. church. Whiteside park was thronged to the occasion in the glory of its greatest beauty, the decorations and seating being in charge of T. J. Grant, president of the park board, in keeping with the impressive occasion.

Sleep on, beloved soldier,  
In thy bed so low,  
While the trees are growing  
As the soft winds blow.  
We shall gather 'round them  
And remember thee;  
Of thy deed of valor  
Our grateful song shall be.

Sleep on, beloved soldier,  
With thy work well done;  
For the battle's over  
And the victory's won.  
We shall never forget thee  
For thy work of love,  
And we hope to meet thee  
In the dear home above.

Boy Scouts Entertained.  
Twenty-eight members of the White Hall troop of Boy Scouts, under the leadership of Scoutmaster E. C. Lucas, were entertained Friday night and Saturday at the Walnut Hill home of Congressman and Mrs. H. T. Rainey at Carrollton. The boys were conveyed in autos to and from their destination, returning Saturday evening. A historic ag was flung to the broozes to welcome the boys, being one of four that floated over the white house at the time Woodrow Wilson was first inaugurated as president, and it became the duty of the boys to lower this flag at sunset, the ceremony being carried out with a military regularity that was inspiring. A herd of sixteen Japanese deer is an attraction at Walnut Hill, and there are trees, shrubs and flowers of many de and contrivances for the entertainment of young folks, many of which are designed to induce children to study and observe. All these things were given the "once over" by the White Hall Scouts before lining up for a march to the wood, where they had a genuine outing with the personal attention of a distinguished host and hostess, who also wore scout attire. The grounds surrounding the Walnut Hill home of Congressman and Mrs. Rainey are equipped as a public park, and large numbers of children enjoy their hospitality. Their herd of Japanese deer is the greatest in the United States. Mr. and Mrs. Rainey took occasion to praise the White Hall organization of Boy Scouts, telling them that the advantages at White Hall in the way of a park and playgrounds should be an incentive to larger numbers becoming identified with the ennobling training, and that the boys as they develop will learn to appreciate more and more their great benefactors, Mr. and Mrs. Seth N. Griswold, in providing such beautiful and appropriate training grounds for the betterment of all the people of White Hall.

'ARE YOU AN OPTIMIST?'  
If so, buy RED CROWN GASOLINE at 23c the gallon, EUREKA and POLARINE Oils and Grease, at the STANDARD OIL SERVICE STATION where you get better goods for less money. And, listen: Buy Water Bonds with the difference and help boost Jacksonville. C. N. PRIEST, the Ford Man

MORE RURAL MAIL TROUBLE  
And now it is a lot of people in the vicinity of Litterberry who are up in arms against the new order of things by which the administration is saving at the spigot while the barrel empties at the bung hole. The sufferers have been placed on a Virginia route and the carrier does not wait a little while for the train on the C. P. and St. L. from the south causing a large part of the mail on his line to be a day old.

## NOTICE.

All persons owing the estate of J. A. Obermeyer for drugs or stationery, will please call at Farrell's Bank and settle with F. E. Farrell, Administrator.

## WILL RETURN DUTCH SHIPS

New York, April 4.—Negotiations for the early return to their owners of the 37 Dutch ships which were requisitioned by the United States in March 1918, are in progress and it was said here today by an officer of the shipping board that delivery may be under way by May 1.

The Dutch ships now in use by the United States for war emergency purposes aggregate 533,000 deadweight tons for which the Dutch owners have received a monthly compensation of approximately \$4,000,000.

## INSTANT KODAK SERVICE
